EXPLANATIONS RELATIVE TO THE FOLLOWING TABLE OF COLONIAL AND FOREIGN POSTAGE.

ABBREVIATIONS.

Alter. Alternate. Ea. Each. Fri. Friday. A. Afternoon. E. Evening. Ev. Evening.	 	A. & E. Afternoon & Evening. Mo., Mon. Month. Pkt. Packet. Prev. Previous. Sat. ex. Saturday excepted. Tues. Tuesday.

OPTIONAL OR COMPULSORY PREPAYMENT.

The letter *v* prefixed to a division (as that of letters) indicates that in such case prepayment is voluntary. In other cases prepayment is compulsory. When a letter or newspaper, addressed to go by a route that requires prepayment, is posted unpaid, and there is some other route where prepayment is not required, it is forwarded by that route; but if there be none, it is sent to the Returned Letter Office, to be returned to the writer.

DISTANCE TO WHICH THE POSTAGE CARRIES THE LETTER, &c.

The letter *a* prefixed to any division shows that the postage there entered does not carry the letter, &c., from the place where it is posted in the United Kingdom entirely free to its place of destination, but that it is liable to an *additional* charge upon delivery.

MAILS WHEN DUE.

The dates given in the Table are those when the Mails are due in Glasgow.

MOLDAVIA AND WALLACHIA VIA BELGIUM

In the case of letters forwarded via Belgium for other places in Moldavia than Botuschany, Galatz, and Jassy, or for other places in Wallachia than Bucharest and Ibraila, the writers should specify in the address to which of the above towns they desire their letters to be forwarded, and the rate as far as that town *must then be paid in advance*.

Being the RATES of POSTAGE chargeable in the UNITED KINGDOM upon LETTERS, NEWSPAPERS, &c., addressed to BRITISH COLONIES and FOREIGN COUNTRIES.

* If Letters for Minorca be sent unpaid, they are, on delivery, charged double the above rates.
 † The postage on Letters from Portugal is double the above rates, except by France.
 ‡ For a paper not exceeding 4 oz.
 § The port of despatch only.
 ¶ No packet must exceed 3 lbs.

POSTAGE STAMPS, &c.

Prepayment of Inland Letters, &c., must be by Stamps.

RATES OF POSTAGE.

*Inland Letters.**

1. The rate of postage on all inland letters is regulated by weight, irrespective of distance, and (with the exception afterwards mentioned) is as follows:—

If paid in advance.

Letter weighing not more than $\frac{1}{2}$ oz.,.....	1d.
Letter weighing more than $\frac{1}{2}$ oz., but not exceeding 1 oz.,.....	2d.
Letter weighing more than 1 oz., but not more than 2 oz.,.....	4d.
Letter weighing more than 2 oz., but not 3 oz.	6d.

and so on; twopence being charged for every additional ounce.

2. As a general rule, the postage, if not paid in advance, is double the foregoing; and if the payment in advance be insufficient, double the deficiency is charged. An inland letter, for example, weighing more than half an ounce, and not exceeding one ounce, if bearing a penny stamp only, is, on delivery, charged twopence. The unpaid *additional* postage on re-directed letters, however, is not doubled, being the same as if such postage were prepaid. Unless three quarters, at least, of the postage of a letter weighing more than 4 oz. be prepaid, the letter is not forwarded, but notice of its detention is given to the sender, or when that is not practicable, to the person to whom the letter is addressed.

Colonial and Foreign Letters.

3. The rates of postage on letters to foreign countries and the colonies are entered in the Table of Colonial and Foreign Postage at pages 5-17.

Addresses to the Queen and Petitions to Parliament.

4. Petitions and addresses to her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a member of either House are likewise exempt, provided they do not weigh more than two pounds, and are without covers, or in covers open at the sides. No letter or other inclosure, however, must be inserted, and if one be found, such inclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

Newspaper and other periodical Publications bearing the Newspaper Stamp.

5. Although provision is made for forwarding newspapers, books, and money through the post, it is not compulsory on any one to employ this mode of transmission; everything except letters may be sent in any other way.

6. All periodical publications, including newspapers published in the United Kingdom, at intervals not exceeding thirty-one days, and which bear

* Inland letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands. If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to a higher postage. The same rule applies to letters going abroad. To provide, therefore, for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight.

an impressed stamp or stamps denoting the stamp duty (of the kind formerly confined chiefly to newspapers), may be transmitted and re-transmitted through the post within the United Kingdom free of postage under the following regulations, viz.:—

1st. They are subject to the same restrictions with regard to the number of sheets and superficial extent as were formerly applicable only to newspapers properly so called. These restrictions are shown in the following table:—

Amount of Stamps Impressed on the Publication.	Maximum Number of Sheets.	Maximum Superficial extent of Letterpress on one side.
One Penny - - -	Two - - - -	2,295 inches.
Three Halfpence - - -	Three - - - -	3,443 "
Twopence - - -	Four - - - -	4,591 "

2d. No publication, or portion thereof, can pass through the post unless the impressed stamp which it bears be a stamp of the value at least of one penny.

3d. The title and date of the publication must be printed at the top of every page.

4th. The publication must be folded in such a manner that the whole of the stamp or stamps, denoting the full duty, shall be exposed to view, and be distinctly visible on the outside, except that where there are more than two publications in the same cover it will be considered sufficient if the stamps be so arranged that they can readily be examined.

5th. It must not be printed on pasteboard or card-board, or on two or more thicknesses of paper pasted together, nor must any pasteboard, cardboard, or such pasted paper be sent with it as a back or cover thereto, or otherwise.

6th. It must be posted within fifteen days from the printed date of issue.

7th. It must have either no cover or a cover open at the ends.

8th. It must contain no inclosure.

9th. It must have no writing or other mark thereon, but the name and address of the person to whom it is sent, nor anything on the cover but such name and address, the printed title of the publication, and the printed name and address of the publisher or vender who sends it. Thus, if a newspaper, franked by a newspaper stamp, after having had the address of one person written upon the paper itself, be sent to another person, the first address must be cut off (obliteration not being sufficient), otherwise the paper will be charged as an unpaid letter.

10th. If the publication be addressed to any person within the free delivery of the place where it is posted, it will become liable to a postage of one penny, which must be prepaid by affixing a postage stamp.

11th. When a newspaper, &c., is so folded as not to expose the stamp or stamps, a postage of one penny is charged in addition to any other postage to which the publication, if properly folded, would be liable; and if the newspaper, &c., be addressed to any person within the free delivery of the place where it is posted, and do not bear a penny postage label, it will be charged 2d.

12th. In case of any other irregularity the publication is dealt with as an unpaid letter.

13th. It is suggested that every publication should have a notice to purchasers conspicuously printed, pointing out the necessity of exposing the stamp or stamps to view whenever the publication is sent through the post.

14th. Stamped publications can also be forwarded under the regulations of the book post; but when so sent the impressed stamp does not count as any part of the postage.

7. The following are the Regulations of the Inland Book Post:—

1st. Rates of Postage—

Weighing not more than 4 oz.....	1d.
Weighing more than 4 oz., and not exceeding 8 oz.....	2d.
Weighing more than 8 oz., and not exceeding 16 oz.....	4d.
Weighing more than 1 lb. and not exceeding 1½ lb. and so on, 2d. being charged for every additional half pound or fraction of a half pound.	6d.

2nd. Every packet must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the inclosures being removed for examination. For the greater security of its contents, the packet may be tied at the ends with string, but in such case the Postmaster is authorized to cut the string, although he is required to refasten the packet.

3rd. A book packet may contain any number of separate books or rather publications (including printed letters and printed matter of every kind), photographs, when not on glass or in cases containing glass, prints, or maps, and any quantity of paper, parchment, or vellum; and the books or other publications, prints, maps, &c., may be either printed, written, or plain, or any mixture of the three. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, will be allowed, whether such binding, &c., be loose or attached; as also rollers, in the case of prints or maps; markers (whether of paper or otherwise), in books; and, in short, whatever is necessary for the safe transmission of literary matter, prints, maps, or photographs, or usually appertains thereto; but no patterns, or books or patterns (unless these consist merely of paper) can be allowed.

4th. No book packet may contain anything which is sealed or otherwise closed against inspection; nor must there be any letter, nor any communication of the nature of a letter, whether separate or otherwise, unless the whole of such letter or communication be printed. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter. Indeed, as respects the name and address of the sender, not only is the writing permitted but recommended; so that if the cover come off, or for any other reason the packet cannot be forwarded, it may be returned.

5th. No book packet must exceed two feet in length, width, or depth, and if any such packet be presented at a Post Office it will not be received.

8. At the following rates, and on the same conditions as the foregoing (except that no packet weighing more than three pounds can be sent to the East Indies or to New South Wales, and that no book packet can be sent to any other part of the Cape colony than Cape Town, Port Elizabeth, and Mossel Bay), book packets can be forwarded to every British colony, as well as to some foreign countries, for which see Foreign and Colonial Postage, pages 5 to 17.

POSTAGE STAMPS.

9. Every Postmaster and Letter Receiver is required to have on hand a sufficient stock of postage labels and penny stamped envelopes, and to sell them to the public at the following prices:—

Stamped Labels.

Penny Labels.....	1d. each.
Twopenny do.....	2d. each.
Fourpenny do.....	4d. each.
Sixpenny do.....	6d. each.
Ninepenny do.....	9d. each.
Shilling do.....	1s. each.

Stamped Penny Envelopes.

12 to be sold for	1s. 1½d.
8 "	0s. 9d.
6 "	0s. 6¾d.
4 "	0s. 4¾d.
2 "	0s. 2¾d.
1 "	0s. 1¾d.

Two kinds of embossed envelopes are now issued; one with a thread passing through the stamp, and the other without any thread, but made with thicker and better paper. Every person can have the kind he prefers.

REGISTRATION.

10. By the prepayment of a fee of sixpence* any letter, book, or other packet on which the postage has been prepaid in stamps may be registered to any place within the United Kingdom. Book packets and newspapers can also be registered to the colonies under the conditions mentioned in Rules 42 to 46. To foreign countries *letters only* can be registered. The registration of a packet makes its transmission more secure by rendering it practicable to trace it, when inland, from its receipt to its delivery; and when colonial or foreign, if not to its delivery, at least to the port of despatch. The Post Office does not guarantee the safe delivery of the letter, &c., though the officers are of course responsible to the Postmaster-General, who will call to strict account any one neglecting his duty on this point, and, if his Lordship thinks proper, will require him to make good any loss that may be sustained thereby.

11. The postage and registration fee of registered letters must be prepaid; and if the letter be inland such prepayment must be by stamps.

12. Every letter to be registered should be presented at the window, and a receipt obtained for it, and must on no account be dropped into the letter-box. If, contrary to this rule, a letter marked "Registered," be dropped into the letter-box, it will, if directed to any place in the United Kingdom, be liable to a registration fee of one shilling, instead of the ordinary fee of sixpence. No letter carrier or rural messenger is required to take letters for the public for the purpose of registering them.

13. The latest time for posting registered letters at Glasgow is half an hour before the closing of the box for the mail by which they are to be despatched.

* This fee, in the case of a letter addressed to a place abroad, or posted in London, may be paid either in money or stamps; but in all other cases it must be paid in stamps.

POST OFFICE SAVINGS BANK.

The following is a full Abstract of the Regulations made under authority of the Act of Parliament, 24 Victoria, cap. 14, entitled "An Act to grant additional Facilities for Depositing Small Savings at Interest, with the security of the Government for due Repayment thereof":—

14.—1st. *Hours of Business.*—Every Post Office, being a Money Order Office, at which the Postmaster-General shall permit deposits to be received for remittance to his principal office, will be open for that purpose, and for the repayment of moneys withdrawn, during the hours appointed for the transaction of money order business at the said Post Office. Any Post Office, not being a Money Order Office, at which the Postmaster-General shall permit deposits to be received or repaid, shall be open for that purpose during such hours and on such days as the Postmaster-General shall determine.

2nd. *Amount of Deposits.*—Deposits of oneshillings, or of any number of shillings, or of pounds and shillings, will be received from any depositor at the Post Office Savings Banks, provided the deposits made by such depositor in any year ending on the 31st day of December do not exceed £30, and provided the total amount standing in such depositor's name in the books of the Postmaster-General do not exceed £150, exclusive of interest. When the principal and interest together, standing to the credit of any one depositor, amount to the sum of £200, all interest will cease so long as the same funds continue to amount to the said sum of £200.

3rd. *Name, Address, and Occupation of Depositor to be furnished.*—Every depositor on making a first deposit shall be required to specify his Christian name and surname, occupation, and residence to the officer of the Postmaster-General appointed to receive the deposit, and make and sign the following declaration, to be witnessed by the officer of the Postmaster-General appointed to receive deposits, or by some person known to him, or by the minister or a churchwarden of the parish in which the depositor resides, or by a justice of the peace; and if such declaration, or any part thereof, shall not be true, the depositor making the same shall forfeit and lose all right and title to his deposits:—

COPY OF DECLARATION TO BE SIGNED
BY DEPOSITOR ON MAKING FIRST DEPOSIT.

In pursuance of an Act of Parliament,
I, _____ of _____
do hereby declare to the
Postmaster-General that I am desirous on
my own behalf, to become a depositor in
the Post Office Savings Bank. I do further
hereby declare, that I am not directly or
indirectly entitled to any deposit in, or benefit
from, the funds of this or any other
Savings Bank in Great Britain or Ireland,
nor to any sum or sums standing in the
name or names of any other person or persons
in the books of the said Post Office
Savings Bank; and I do hereby also testify
my consent that my deposits in the said

Post Office Savings Bank shall be managed according to the regulations thereof.

Witness my hand this
day of _____, 186 .
Signed by the said
depositor in the
presence of me,
..... }

* Save and except such benefit as I may be entitled to from being a member of a friendly society legally established; or from such sum or sums as may be standing in my name as trustee jointly with the name or names and on behalf of any other depositor or depositors.

A copy of the above declaration shall be printed within the cover of every depositor's book.

4th. On making the declaration, and in all cases in which the signature of the depositor is required, if the depositor cannot write, his mark must be affixed in the presence of a witness, and attested by the signature of that witness.

5th. *Deposits, how received, entered, reported to the Postmaster-General, and acknowledged.*—Every deposit received by any officer of the Postmaster-General, appointed for that purpose, shall be entered by him at the time in a numbered book, and the entry shall be attested by him, and by the dated stamp of his office, and the said book, with the entry so attested, shall be given to the depositor and retained by him as primary evidence of the receipt of the deposit. The depositor shall sign his name in a place to be provided for his signature in the depositor's book. The amount of each deposit, and the name, occupation, and residence of the depositor shall, upon the day of the receipt thereof, be reported to the Postmaster-General, and the acknowledgment of the Postmaster-General for the said deposit, signified by the officer whom he shall appoint for the purpose, shall be forthwith transmitted by post to the depositor as the conclusive evidence of his claim to the repayment of the deposit with interest thereon:—If the depositor does not receive the said acknowledgment within ten days from the day on which he made the deposit, he must apply for the same to the Postmaster-General, by letter, and if necessary, he must renew his application to the Postmaster-General until he receives the said acknowledgment.

6th. *Interest.*—Interest, calculated yearly, at the rate of two pounds ten shillings per cent. per annum, shall be allowed on every complete pound deposited, and shall be computed from the first day of the calendar month next following the day on which a complete pound shall have been deposited, or on which deposits of a less amount shall have made up a pound, up to the first day of the calendar month in which moneys are withdrawn.* The interest will be calculated to the 31st December in every year, and will then be added to, and become part of the principal money.

7th. *Trust Accounts.*—Deposits may be made by a trustee on behalf of another person, in the joint names of such trustee and the person on whose account such money shall be so deposited; but repay-

ment of the same, or any part thereof, shall not be made without the receipt and receipts of both the said parties, or the survivor or survivors, or the executors or administrators of such survivor, whose receipt and receipts, either personally or by agent appointed by power of attorney, which power of attorney may be executed by an infant or of exceeding the age of 14 years, shall alone be a valid discharge, except in case of insanity or imbecility of the party on whose behalf the deposits were made, when the Postmaster-General may, on proof of the fact to his satisfaction, allow repayment to be made to the trustee alone.

8th. *Minors*.—Deposits may be made by, or for the benefit of, any person under 21 years of age, and repayment shall be made to such minor, after the age of 7 years, in the same manner as if he were of full age. In case of minors under the age of 7 years, the declaration must be made by one of the parents, or a friend, on behalf of the minor.

9th. *Married Women*.—Deposits may be made by married women, and deposits so made, or made by women who shall afterwards marry, will be repaid to any such woman, unless her husband shall give notice in writing of such marriage to the Postmaster-General, and shall require payment to be made to him.

10th. *Friendly and Charitable Societies, and Penny Banks*.—The trustees of any friendly society, the rules of which have been certified by the registrar of friendly societies in England, Scotland, or Ireland (as the case may be), or of any charitable or provident society, or penny savings bank, approved by the national debt commissioners, may deposit their funds, without restriction as to amount, in the Post Office Savings Bank, provided always that such deposit shall not be of less amount than one shilling, nor of any sum not a multiple thereof, and that a copy of the rules be forwarded by post to the Postmaster-General, with the names and addresses of the Trustees, who will then be furnished with the necessary instructions.

NOTE.—Special forms of declaration are provided for trustees, and also for friendly, charitable, and provident societies, and for penny savings banks.

11th. *Annual Transmission of Depositor's Book to Principal Office of Postmaster-General*.—Every depositor shall, once in each year, on the anniversary of the day on which he made his first deposit, forward his book to the principal office of the Postmaster-General, in a cover to be obtained at any Post Office Savings Bank, in order that the entries in the said book may be compared with the entries in the books of the Postmaster-General, and that the interest due to the depositor may be inserted in his book.

12th. *Depositors' Books*.—No charge shall be made upon depositors for the books at first supplied to them, or for books issued to them in continuation thereof; but if any depositor shall lose his book, and shall desire a new book, application must be made by him to the Postmaster-General, by letter, stating the circumstances, and enclosing postage stamps of the value of one shilling to pay for the new book should the application be granted, and the Postmaster-General shall, if he thinks fit, issue a new book, and charge the depositor any sum not exceeding one shilling for the same.

13th. *Postage*.—No charge for postage shall be

made upon the depositors for the transmission of their books to the Postmaster-General, or for the return thereof to them, or for any applications they may have to make for acknowledgments of deposits, or for any application or necessary letter of inquiry respecting the sums deposited by them, or for the replies thereto.

14th. *Transfer of Deposits to or from other Savings Banks*.—Any depositor in the Post Office Savings Bank who may desire to transfer his deposits to any other savings bank, legally established, shall on his written application, accompanied by his book to the chief office of the Postmaster-General, in a form to be obtained at any Post Office Savings Bank, be furnished with a certificate of the whole amount due to him, and his account with the Post Office Savings Bank shall thereupon be closed. Upon delivery of such certificate to the trustees or managers of the savings bank to which it is proposed by the depositor to transfer the deposit, they shall, if they think fit, open an account for the amount stated in such certificate, upon the depositor making the usual declaration. Any depositor in any legally established savings bank who may desire to transfer his account to the Post Office Savings Bank, may require from the trustees or managers of such bank a certificate, signed by two trustees of such savings bank, stating the amount due to him, and thereupon his account with such bank shall be closed. The said certificate may be delivered to any officer of the Postmaster-General authorized to receive deposits under the Post Office Savings Bank Act, and shall be received by him as if it were a deposit of the amount therein set forth; and on the said certificate being forwarded to London, and verified by the national debt commissioners, an account for the amount thereof shall be opened with the said depositor.

15th. *Withdrawals*.—Any depositor wishing to withdraw the whole or part of the sum deposited by him must make application for the same to the Postmaster-General, in a form, a printed copy of which may be obtained at any Post Office Savings Bank. In this form the depositor must specify the number of his book, the name of the office at which his first deposit was made, the sum he wishes to withdraw, his occupation and residence, and the Post Office at which he wishes to receive his money. On receipt of this application, a warrant for the amount required, payable at the office named, shall be sent to him by post. This warrant must be presented by the depositor at the Post Office named thereon, together with the depositor's book, in which the Postmaster shall enter the amount repaid, and attest the entry with his signature, and the dated stamp of his office. The Postmaster shall take a receipt from the depositor on the warrant for the amount repaid to him, which receipt is not chargeable with stamp duty. The Postmaster-General will endeavour to prevent fraud, and to identify every depositor transacting business with the Post Office Savings Bank; but if any person shall fraudulently represent himself to be a depositor, and by forwarding the proper notice of withdrawal, and by presentation of the depositor's book, and compliance with the rules of the department, shall obtain any sum of money belonging to that depositor, the Postmaster-General will not be responsible for the loss thereof.

16th. *Repayment to a Depositor unable to attend*

personally.—Repayments shall be made only to the depositor in person, or to the bearer of an order under his hand, signed in the presence of either the minister or a churchwarden of the parish in which the depositor resides, of a justice of the peace, or, in case of sickness, of the medical attendant. If the depositor be resident abroad, the signature must be verified by some constituted authority of the place in which he resides. The form of order to be signed by the depositor on such occasions may be obtained at the Post Office at which the warrant is made payable.

17th. *Withdrawals by Friendly or Charitable Societies, and receipts for the same.*—Applications to withdraw money deposited by any friendly, charitable, or provident society, or penny savings bank, must be signed by two of the trustees of any such society, or penny savings bank, or where there is no trustee, then by the treasurer, and the names of the trustee, or treasurer, or other officer of the society authorized to receive the amount to be withdrawn, shall be stated in the notice of withdrawal, and the warrant for payment of the amount shall be made out in the name of such trustee, treasurer, or officer, and the receipt of such person apparently authorized shall be a sufficient discharge for the same.

18th. *Funds of Deceased Depositors not exceeding Fifty Pounds.*—In case any depositor shall die leaving any sum of money not exceeding £50, exclusive of interest, deposited in the Post Office Savings Bank, and probate of his will, or letters of administration, be not produced to the Postmaster-General, or if notice in writing of the existence of a will, and intention to prove the same, or to take out letters of administration, be not given to the Postmaster-General at his principal office within the period of one month from the death of the depositor, or if such notice be given, but such will be not proved, or letters of administration be not taken out, and the probate or letters of administration (as the case may be) produced to the Postmaster-General within the period of two months from the death of the depositor, it shall be lawful for the Postmaster-General after such period of one or two months, as the case may be, to pay and divide such funds at his discretion to or amongst the widow, or relatives, of the deceased depositor, or any one or more of them; or, if he shall think proper, according to the statute of distributions.

19th. *Funds of Deceased Depositors above Fifty Pounds.*—In case any depositor shall die leaving any sum of money in the Post Office Savings Bank which (exclusive of interest) shall exceed the sum of £50, the same shall only be paid to the executor or administrator on the production of the probate of the will, or letters of administration, of the estate or effects of the deceased depositor to the Postmaster-General.

20th. *Payment on Death of a Depositor, being illegitimate, and dying intestate.*—If any depositor, being illegitimate, shall die intestate, leaving any person or persons who, but for the illegitimacy of such depositor, and of such person or persons, would be entitled to the money due to such deceased depositor, it shall be lawful for the Postmaster-General, with the authority in writing, of the barrister-at-law appointed to certify the rules of savings banks, to pay the money of such deceased depositor to any

one or more of the persons who, in his opinion, would have been entitled to the same, according to the statute of distributions, if the said depositor, and such person or persons, had been legitimate.

21st. *Certificate for exemption from Stamp Duty.*—In all cases wherein a certificate shall be required of the amount of the balance standing in the books of the Post Office Savings Bank to the credit of a deceased depositor for the purpose of obtaining, free of stamp duty, a probate of will or letters of administration, such certificate shall be in the form authorized by the regulations.

22nd. *Incapacitated Depositors.*—If any depositor shall become insane, or otherwise incapacitated to act, and the same shall be proved to the satisfaction of the Postmaster-General, and if the Postmaster-General shall be satisfied of the urgency of the case, he may authorize payment, from time to time, out of the funds of such depositor to any person whom he shall judge proper, and the receipt of such person shall be a good discharge for the same.

23rd. *Settlement of Disputes.*—If any dispute shall arise between the Postmaster-General and any individual depositor, or any executor, administrator, next of kin, or creditor, or assignee of a depositor who may become bankrupt or insolvent, or any person claiming to be such executor, administrator, next of kin, creditor or assignee, or to be entitled to any money deposited in the Post Office Savings Bank, then, and in every such case, the matter in dispute shall be referred, in writing, to the barrister-at-law appointed under the savings bank acts; and whatever award, order or determination shall be made by the said barrister shall be binding and conclusive on all parties, and shall be final, to all intents and purposes, without any appeal.

24th. *Secrecy.*—The officers of the Postmaster-General engaged in the receipt or payment of deposits shall not disclose the name of any depositor, nor the amount deposited or withdrawn by him, except to the Postmaster-General, or to such of his officers as may be appointed to assist in carrying out the provisions of the Post Office Savings Bank Act.

25th. *Interpretation.*—In the construction of these regulations, unless there is something in the subject or context repugnant thereto, every word importing the singular number only shall mean and include several persons or things, as well as one person or thing, and the converse; and every word importing the masculine gender only shall mean and include a female as well as a male; and the word month shall refer to a calendar and not a lunar month.

MONEY ORDERS.

15. The public are recommended, when applying for Money Orders, to use printed "Requisition Forms," which save time, and afford greater security against mistakes than verbal messages. These Forms are supplied gratuitously at all Money Order Offices.

16. The commission on an Inland Money Order not exceeding £2 is threepence, and on one above £2, and not exceeding £5, is sixpence, and above £5, and not exceeding £7, is ninepence, and on one above £7, is one shilling; no single order being granted for more than £10. The commission on a Money Order to Canada, Victoria, Western Australia, and the Cape of Good Hope, is fourfold these sums, and on Money Orders payable at Malta or Gibraltar threefold.

17. No order is allowed to contain a fractional part of a penny.

18. With the subjoined exceptions, no Money Order can be issued unless the applicant furnish, in full, the surname and at least the initial of one Christian name, both of the remitter (the person who sends the order) and the payee (the person to whom the money is to be paid), together with the remitter's address.

1st. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient; and if a firm, the usual designation of such firm will suffice,* except a company trading under a title which does not consist of the names of the persons composing it, as the "Carron Company," to which kind of company the above privilege does not extend.

2d. When the remitter notifies in writing that the order is to be paid through a bank, it is left to his option to give or withhold the name of the payee; and he may, if he wish it, substitute for the name of the payee any other designation, or any modification of the name, as, for example, "The Cashier of the Bank of England," "The Chief Clerk of the Foreign Office," "The Publisher of the Times, Messrs. Longman & Co."

19. When application is made for a Money Order payable in London or any other town where there is a plurality of Money Order Offices, the remitter should say at which of such offices he wishes it to be paid, otherwise the order can be cashed at the chief office alone. It is not incumbent on a Postmaster to supply such information relative to local or provincial offices, but the nearest Money Order Office to any street in London may be ascertained by referring to the Street List.

20. An order once issued cannot be cancelled; and should repayment or transfer to a different office or alteration of name be required, the remitter must apply to the issuing or paying Postmaster, according to the directions printed on the back of the cover. The remitter of an order may make that order payable ten days after date, provided he sign the requisition "C," printed on the order, to defer payment until ten days after date, and affix a penny receipt stamp thereto.

21. No application can be entertained for compensation for alleged injury from the nonpayment of a Money Order at the expected time; and after once paying a Money Order, by whomsoever presented, the Office is not liable to any further claim.

To guard against the loss of the Money Order, the public are particularly cautioned—

1st. Never to send the Money Order in the same letter with the information required on payment thereof.

2nd. To be careful on applying for a Money Order to state correctly the surname, and at least the initial of the Christian name, of the person in whose favour it is drawn.

3rd. To see that the name of the person taking out the order is correctly known to the person in whose favour it is drawn.

4th. Under no circumstances can payment of an order be demanded on the day of issue.

22. No Money Order business is transacted on the Sunday; neither in England or Ireland is any transacted on Christmas-day or Good-Friday; nor

in Scotland on the Sacramental Fast-days; but for the convenience of the labouring classes the provincial offices are kept open on the Saturday night till 8 o'clock (or as near that hour as the despatch of the mail will allow), except where the surveyor of the district considers such an arrangement unnecessary.

23. The deputy postmasters-general of Malta and Gibraltar are authorized to issue Money Orders on the several Money Order Offices in the United Kingdom and Canada, but to pay Money Orders granted on them at the Money Order Offices in the United Kingdom only.

27. With the following exceptions, no letter, &c., can be forwarded by the post which is more than two feet in length, breadth, or depth, nor any unpaid packet which weighs more than four ounces, unless three-quarters of the postage have been paid. The exceptions are:—

- 1st. Packets to or from places abroad.
- 2nd. Packets to or from any of the Government Offices or Departments, or Public Offices.
- 3rd. Petitions or addresses to the Queen, whether directed to her Majesty, or forwarded to any member of either House of Parliament.
- 4th. Petitions to either House of Parliament, forwarded to any member of either House.

5th. Printed Parliamentary proceedings.
28. No information can be given respecting letters which pass through a Post Office* except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public.

29. Postmasters are not allowed to return any letter, &c., to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon; as every letter, &c., must be delivered to the person to whom it is directed, and to him alone, at the address it bears.

30. Late letters, &c.,† are received till within five minutes of the despatch of the mails, except in those large towns where the surveyor may deem an interval of ten minutes necessary, and excepting that no office is to be kept open merely for this purpose after ten o'clock at night.

31. No late letters, &c., are forwarded by the mail preparing for despatch unless prepaid, and that in stamps, so as to include both the ordinary postage and the late-letter fee; but, in the case of Government letters, it is sufficient to prepay the fee.

32. During the time the office is open on Sunday (viz. from 8 to 9 A.M.) the public are allowed to pre-

* The term "Post Office" applies to all Post Offices whether Head Office, Sub-Office, or Receiving-Office. A "Head Office" is an office subordinate only to a Metropolitan Office. Both Sub-Offices and Receiving-Offices are under Head Offices; but at Receiving-Offices letters are received only, not delivered.

† The term "Letters," &c., is meant to include everything sent by the post; whether letters, newspapers, parliamentary proceedings, books, or aught else. "Late letters" are such as are posted after the ordinary time, and which cannot therefore be sent forward by the mail then in preparation, unless extra payment be made.

pay foreign or colonial letters, to purchase postage stamps, and to have letters registered; and all other duties are performed as usual, except the issue and payment of Money Orders, which on that day are wholly suspended.

33. No Postmaster is bound to give change, or is authorized to demand change; and when money is paid at the Post Office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

34. Except as regards foreign and colonial letters about to be prepaid in money, a Postmaster is not bound to weigh any letters or other packets for the public, though he may do so if his duty be not thereby impeded.

35. Postmasters are instructed not to receive any letter, &c., which there is good reason to believe contains anything likely to injure the contents of the mail bag, or the person of any officer of the Post Office. If such a letter, &c., be posted without the Postmaster's knowledge, or if at any time before its despatch he should discover any letter, &c., of the above description, he is directed not to forward it, but to report the case, with the address of the letter, &c., to the Secretary. The following are examples of the articles referred to:—

A glass bottle, or glass in any form; razors, scissors, needles, knives, forks, or other sharp instruments; leeches, game, fish, meat, fruit, vegetables, bladders, or other vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or combustible.

When any letters, &c., remain undelivered, owing to the residence of the persons to whom they are addressed not being known, a list of the addresses is affixed in the window of the Post Office to which they may have been sent, during the time—one week—they are allowed to remain there.

36. When the reason for the non-delivery of a letter, &c., in the country is "Deceased," the packet is sent, as soon as practicable, to the Returned Letter Office, as are all letters intended for ships which have sailed before their arrival. When the reason is "Refused," "Not known," or "Gone away," the letter is retained by the provincial postmaster for one week before being sent to the Returned Letter Office; and when the reason is "Not called for" (the letter being addressed to a Post Office), the packet is retained by the Postmaster one month; except in the case of letters at seaports addressed to persons on board ships expected to arrive at such ports—which letters are kept three months. London district letters, and letters from the country, addressed to London and its neighbourhood, whether the reason is "Deceased," "Refused," or "Gone away," are sent to the Returned Letter Office on the day after the attempt to deliver them. All town and provincial letters which contain the name and address of the senders, are returned to them the same day they reach the Returned Letter Office. Colonial and Foreign Letters are, with a few exceptions, returned in periods varying from one to two months.

Every letter, &c., which is opened at the Returned Letter Office, and found to contain the address of the sender, is sent back to him; but such as do not contain the sender's address are destroyed, except those which contain money or other articles of value.

Letters for Non-commissioned Officers, Soldiers, and Seamen in her Majesty's Service.

37. S. Subject to the subjoined regulations, non-commissioned officers, band-masters, private soldiers, or seamen, whether serving on board her Majesty's ships on sea or land (in Foreign parts), as also enrolled pensioners in Canada, can send and receive letters by direct packet or vessel of war, for a postage of 1d.; but if any such letters have to pass through a foreign country, they are subject, in addition to the foreign rate, whatever that may be; thus the postage to the under-mentioned countries (including the British charge of one penny) is as follows:—

To or from	Under $\frac{1}{2}$ oz.		Above $\frac{1}{2}$ oz. and not exceeding $\frac{3}{4}$ oz.

1st. The person claiming the privilege must at the time be actually employed in the service of her Majesty, and must not be either a commissioned officer, midshipman, master's mate, or warrant officer (*viz.*, assistant engineer, gunner, boatswain, or carpenter), the privilege not extending to these officers.

2nd. If the Letter be posted within the United Kingdom, the penny must be prepaid, as must any foreign postage that may be chargeable; and if sent by a private ship the gratuity of one penny to the captain must also be prepaid. If posted abroad, prepayment is not compulsory; but if the letter be sent unpaid, it is on delivery charged twopence, together with any foreign postage or gratuity to a sea captain that may be due.

3rd. The Letter must not weigh more than half an ounce.

4th. It must relate entirely to the private concerns of the soldier or seaman.

5th. The name of the soldier or seaman, with his class or description, must appear in the direction, and the officer having the command must sign his name, and specify the ship, or regiment, corps, or detachment to which the soldier or seaman belongs; the name of the ship or regiment being entered in full. The foregoing particulars must be given in one of the following forms:—

OFFICERS' LETTERS.

38. Letters addressed to military officers, or naval officers on board her Majesty's ships on Colonial or Foreign Stations, are subject to a uniform British rate of 6d. $\frac{1}{2}$ oz., which must be paid in advance; but if any such letters have to pass through a

Foreign Country, they are subject, in addition, to the Foreign rate, whatever that may be: thus, the postage to the undermentioned countries (including the British charge of 6d.) is as follows:—

Routes.

40. When the route by which a Letter is to go is not marked on it, it will, as a rule, be sent by the route immediately following the name of the place in the Table. But in some cases the postage paid (provided it be by stamps) is regarded as an indication of the wish of the sender, and the letters are forwarded by the route for which the prepayment is sufficient. Thus Letters for Denmark, Frankfort, Hesse, Holland, Jass Larnica, Lauenburg, Lippe Detmold, Nassau (Duchy of), Norway, Saxe-Coburg Gotha, Saxony, Schaumburg Lippe, Schwartzburg, Endolstadt, and Schwartzburg Sondershausen, which as a rule are sent via Belgium, are sent via France, if the prepayment be insufficient for the former but

sufficient for the latter route; and those for Aden, Alexandria, Ceylon, China, India, Japan, Java, Madagascars, Malta, Mauritius, Penang, Philippine Islands, Reunion, and Singapore, are sent via Southampton, if the postage paid be sufficient for that route. Letters for Brazil, Buenos Ayres, Monte Video, and Cape de Verde are sent by the first mail made up (either via Southampton or via Bordeaux) after the date of posting, if fully prepaid. For information respecting a foreign rate of postage, as distinguished from the combined British and Foreign rate (which will be found in the foregoing Table), application should be made to the Secretary of the Post Office. No transit postage is charged on letters to or from India or Australia via Southampton. Letters directed to the care of the Packet Agent at Suez, and despatched by the mail via Marseilles, which follows the mail via Southampton, will probably reach passengers for India, &c., who have sailed in the Packet from Southampton.

41. Periodical works not of daily publication, issued in the shape of pamphlets, may be sent to Prussia, via Belgium and by private ship, to the United States, California, and Oregon by Packet, and to Holland via Belgium, and by private ship (to which latter country Parliamentary proceedings may also be sent), at the following rates: not exceeding 2 oz., 1d.; 2 oz. and not exceeding 3 oz., 6d.; 3 oz. and not exceeding 4 oz., 8d; with an addition of 2d. for every additional ounce up to 16 ounces, above which weight the privilege does not extend, *except in the case of Parliamentary proceedings to Holland, the weight of which is unlimited.* At the same rate of postage, any pamphlet not weighing more than 8 oz. (even though it be not a periodical publication) may be sent to the United States. The periodical works or pamphlets must always be sent in a cover open at the ends (not more than one being sent in a single cover), and the postage must be prepaid. Other printed papers or books (except those specified above) addressed to the places above-named are liable to letter rate of postage. There must be no writing, printing, or other marks upon the covers of periodical works and pamphlets for the United States except the names and addresses of the persons to whom they are sent; other writing, printing, &c., will render them liable to letter rates of postage.

Registration of Letters, &c.

42. The fee chargeable for registering a letter, in addition to the ordinary postage, both of which must be prepaid or the letter cannot be registered, will be found against each country or place in the Table of Colonial and Foreign postage.

43. “||” Where this sign is made use of in the column of fees in the Table of Colonial and Foreign postage, it signifies that the letter can only be registered with certainty to the port of despatch; it being left in those cases to the postal authorities of the colony or foreign country to continue the registration if they think proper. The principal places to which this restriction applies are as follows:—Africa, West Coast (except Gold Coast, the Gambia, and Sierra Leone), Argentine Confederation, Ascension, Borneo, Brazil (except by French Packet), Carthagen, Cayenne, Central America, China (except Hong Kong), Cuba, Caraçoa, Egypt (except Alexandria, Cairo, and Suez), Falkland Islands, New Granada, Paraguay, Philippine Islands, Reunion, St. Croix, St. Eustatius, St. Martin's, St. Thomas, Sandwich

Islands, States on the Pacific side of South America, Surinam, Syria, Tahiti, Tasmania, Uruguay, Vancouver's Island and Venezuela, Guadaloupe, Hayti, Labuan (Mexico), Honduras (except Belize), Japan, Java, Madagascar, Mexico.

44. *France and Countries through France.*—The registration fee upon letters addressed to France or countries through France (exclusive of those sent in the British mails to India, Gibraltar via France, Malta, Constantinople, Portugal, Spain, Sardinia, Parma, Placentia, Modena, Tuscany, or Australia), is not a fixed sum, but is chargeable by weight, and is in all cases a sum exactly equal to the postage, whatever that may be.

45. *Russia and Poland via Belgium.*—The registration fee chargeable upon letters addressed to Russia and Poland is stated at length in the Table of Colonial and Foreign postage. It is composed as follows:—A fixed sum of 9d. for a letter of any weight, in addition to 3½d. for every ½ oz. or fraction of a half ounce.

46. Letters and Book-packets, &c., addressed to the following British Colonies can be registered only as far as the port of despatch; but to all other British Colonies they can be registered to destination:—Tasmania, Ascension, Gambia, Vancouver's Island, British Columbia, Labuan, and Falkland Islands. Whether the registration be to destination or to the port of despatch only, the fee is 6d., irrespective of weight; and this fee, together with the usual letter rate, &c., must be paid in advance.

Warm Climates.

47. The practice of sealing letters passing to and from the East and West Indies, and other warm climates, with wax (except such as is specially prepared) is attended with much inconvenience, and frequently with serious injury to the letters, in consequence of the melting of the wax and adhesion of the letters to each other.

48. The public are therefore recommended in all such cases to use either wafers or gum, and to advise their correspondents in the countries referred to, to pursue the same course.

Prepayment.

49. Letters addressed to places abroad may be prepaid in this country either in money or stamps, but such payment must be wholly in stamps or wholly in money. Newspapers and Bookpackets must always be prepaid, and this in stamps.

Time for Posting.

When the time for despatching a Colonial or Foreign Mail is marked "Afternoon," the latest time for posting letters to be forwarded by it at the Head Office, George Square, is 5.15 P.M., or at the Receiving Offices and Pillar Letter Boxes 4.30 P.M. When marked "Evening," the latest time is 7.20 P.M. at the Head Office, and 6.20 P.M. at the Receiving Offices and Pillar Letter Boxes.

Newspapers going abroad must be posted within fifteen days from the day of publication.

SUGGESTIONS TO THE PUBLIC, &c.

50. Facility is given to the Post Office in the discharge of its daily duties, and greater security afforded to the public, by careful attention to the following recommendations:—

1st. To post all letters, &c. as early as practicable, especially when sent in large numbers, as is frequently the case with newspapers and circulars.

2nd. When several letters are sent by the same person for registration, they be accompanied with a list in duplicate of the addresses; one list to be retained at the Post Office, and the other, when signed, to be returned by the bearer. This practice (which is adopted by many bankers) saves time both to the public and to the department.

3rd. To make the address legible and complete, giving the name of the post town, and if there be more than one town in the kingdom of that name (but not otherwise), adding that of the county. Letters posted in one part of the United Kingdom, and intended for another part (as, for example, letters posted in Scotland and intended for England or Ireland) should have the name of the country to which they are sent added to the other part of the address. The number of the house, too, if in a street, is a great assistance. It must not be supposed that because a letter will eventually reach its destination without a number, the omission is not a cause of hesitation and delay in the process of sorting for delivery; and when such small delays occur again and again they tend greatly to retard the general distribution. In the case of letters for places abroad, the name of the *country* as well as the town or city should be given in full. Attention to this latter precaution will often assist in deciphering the name of the town or city, and will prevent the letter from being mis-sent when there are towns of the same name in different countries: For example—a letter intended for London in Western Canada, North America, but simply addressed "London, W.C.," would be forwarded to the West Central District of the Metropolis in England, and thus be delayed.

4th. Every letter, newspaper, or other packet sent by post should be securely folded and sealed.* It should be remembered that every such packet has to be several times handled, and that even when in the mail bag it is exposed to pressure and friction. Unless, therefore, the article be light and pliant, it should be inclosed in strong paper, linen, parchment, or some other material which will not readily tear or break. The observance of this precaution is especially necessary when any fragile articles of value are forwarded by post; these should always be inclosed in a wooden or tin box. Owing to the neglect of these precautions, many postal packets burst open, causing much trouble to the department and risk to the owners, it being sometimes impossible to determine to what packet a particular article belongs.

5th. To prevent newspapers from slipping out of their covers, care should be taken to fasten the covers firmly. When, for additional security, the address is written on the newspaper itself, such address must, in case of re-transmission, be cut off; otherwise the newspaper will become subject to letter postage. It is not sufficient that the old address be obliterated, as the rules forbid writing or marks of any kind in addition to the true address. This applies to newspapers bearing the impressed stamp, newspapers prepaid by postage stamps, and treated as any other printed matter. If, however, the newspaper be franked by a postage label, and not addressed to a place abroad, it is not necessary to cut off the address,

* The most secure mode of sealing, in the opinion of the practical officers of the department, is first to wafer the letter and then to seal it with wax.

since in such cases writing not of the nature of a letter is permitted.

6th. When money or any other article of value is to be transmitted through the post, it should be sent either by means of a money order or in a registered letter. Any person who sends money or jewellery in an unregistered letter not only runs a risk of losing his property, but exposes to temptation every one through whose hands his letter passes, and may be the means of ultimately bringing some clerk or letter-carrier to moral ruin. Every letter which contains money or other valuable article, even when registered, ought to be securely sealed.

7th. To provide a letter-box.

8th. In case of removal, to furnish the particulars of the new address in a letter properly signed, either to the postmaster or to the letter-carrier of the district.

9th. When complaint is made of letters or newspapers lost, miscarried, or delayed, to furnish information as precise as possible in regard to all the facts of the case, and to inclose whatever documents may throw light upon it. The day and hour at which the letter or newspaper was posted, as well as the office at which and the person by whom this was done, should always be stated; and, when possible, the cover or wrapper in an entire state should be sent, in order that the place of delay may be ascertained by an examination of the stamps. Cases frequently occur in which complaint is made against the Post Office, and redress expected, although little or no means of tracing the error, and of guarding against a repetition of it, is supplied by those who alone are able to do so.

10th. Every letter to contain the full address of the writer, in order to insure the return of the letter if the *person to whom it is directed cannot be found*.

51. Whilst trouble and loss are too often caused by the carelessness or dishonesty of some of the twenty-three thousand servants of the Post Office, yet the instances are not few in which it has been shown, to the satisfaction even of the complainant, that the fault attributed at first sight to the Post Office, rested really in other quarters.

52. The publisher of one of the London papers complained of the repeated loss in the Post Office of copies of his journal, addressed to persons abroad. An investigation showed that the abstraction was made by the publisher's clerk; his object apparently being to appropriate the stamps required to defray the foreign postage. In another case a general complaint having arisen as to the loss of newspapers sent to the Chief Office in St. Martin's-le-Grand, the investigation led to the discovery of a regular mart held near the office, and supplied with newspapers by the private messengers employed to convey them to the post. Again, a man was detected in robbing a news-vender's cart by volunteering on its arrival at the entrance of this office to assist the driver in posting the newspapers; instead of doing so, he walked through the hall with those intrusted to him, and upon his being stopped, three quires of a weekly paper were found in his possession.

53. Depredations so impudent and systematic are not likely, whoever the perpetrator may be, to remain long undiscovered; but isolated cases of theft by private hands are often brought to light, although necessarily very difficult of proof on the part of the Post Office, upon which no doubt the blame for a time rests; and it is generally to be desired that those

who have suffered loss should, in the first instance, and whilst the circumstances are fresh, endeavour to ascertain with the utmost precision all particulars respecting the despatch or receipt of the letters or papers in question, and communicate that information to this department. Indeed, generally speaking, it is only by careful inquiry into minute details that the offender can be detected, whether he be a servant of the Post Office or not.

54. The Post Office is a department which admits of constant improvement and expansion; and the public, by sending to the Post Office clear and correct information respecting faulty arrangements, may aid in the accomplishment of these objects. It is not, however, always borne in mind that changes in machinery so extensive and intricate as that of the Post Office must be made cautiously, and with much previous consideration.

55. The arrangements of the service, even in districts widely separated, are so much dependent upon each other, and economy of time (one of the first objects in all postal organization) requires that they should be so nicely adjusted, that no alteration can safely be made without a close examination of all its consequences, and the utmost completeness of preparation; for as, on the one hand, experience proves that almost every improvement made shows the way to further amendment, so, on the other, it will be found that an ill-considered change, though it may give a partial advantage in one quarter, will almost invariably lead to dislocation and confusion in others.

56. This, of course, involves a reference to every district or community which may be affected, often distant from the metropolis; and entails the necessity of reports from various quarters, which must be considered, compared, and in many instances tested by experiment before a safe decision can be arrived at. Even then negotiations with railway companies or coach proprietors may have to be entered into, tenders invited, new contracts made, and old contracts, requiring notice of termination, got rid of, before the decision can take effect.

57. The proper execution of a great portion of these duties not only requires high ability, diligence, and precision on the part of the officers intrusted with them, but is also (and it is this which more immediately concerns the public) a work of time. Hence it has frequently happened that the necessity for a change has been recognized in the General Post Office, that investigation has been set on foot, and measures of improvement have been taken before any public demand had arisen; such demand even having been suggested by these very proceedings.

58. It is often assumed that a Mail conveyance; passing by or through a place, however small, ought, as a matter of course, to deposit the letters directed thereto; the practice being that until the mail arrives at the head post office of the district the letters in question are not separated from the other letters of the district. A slight consideration of the nature and objects of the Postal Service will show that such separation cannot be effected in any other way, unless, indeed, the Mail conveyance, even supposing it to be but a mail cart, were converted into a travelling post office, and furnished with clerks of unlimited local knowledge (which is plainly impossible), or unless every town and village in the kingdom having any correspondence with the place in

question were to make up a bag for that place; in which case its mail would contain nearly as many bags as letters.

59. It happens from time to time that, owing to the stream of postal communication having been diverted from the old mail road to a line of railway, or from other causes of like nature, it becomes desirable to reduce the post office of a town from the condition of a principal office to that of a sub-office. This step not unfrequently gives rise to complaints; the inhabitants being under the impression that they will not in future be so well served. This is a misconception. The change is not made when it will subject the correspondence to delay; nor does it cause any withdrawal of accommodation in respect to Money Orders. It is, in fact, simply a departmental arrangement, which consists in carrying on the sorting of the letters for the new sub-office at some intermediate office, instead of sending them in direct bags.

60. A frequent error is to assume that the Postmaster-general has some control over the delivery, charge, and other postal arrangements in the Colonies, and even in foreign countries; whereas the British Post Office is as powerless abroad, except at Malta

and Gibraltar, as the Foreign or Colonial Post Offices are here.

61. Another misconception, which occasionally causes trouble and disappointment, consists in assuming that a discretionary power can be intrusted to subordinate officers to remit penalties or overcharges in special circumstances. Cases will undoubtedly occur in which strict observance of a general rule may inflict more or less injustice upon individuals, and where a dispensing power immediately at hand might furnish a remedy; but in an establishment as large and as widely spread as the Post Office, there will always be many subordinate officers, some of them carrying on their duties beyond the easy reach of any supervising authority, who are not fit depositories of such a power, affecting, as it would to a great degree, the public revenue. It therefore becomes necessary to lay down definite and precise rules from which no departure can be allowed, except under sanction of the Postmaster-general; and in the few instances in which these rules press hardly, appeal must be made to the General Office. It must be added, that in many instances even such appeal is necessarily fruitless, the Postmaster-general being bound to a particular course by positive law.

MAILS FOR THE ORKNEY ISLANDS.

From the 1st April to the 30th September the mails are despatched daily, excepting Sunday, from Thurso, in Caithness, at 2.35 P.M., returning from Stromness at 4.45 A.M. During the winter months, however, the mails are despatched on alternate days only, from Thurso at 2.45 P.M., and from Stromness at 9.45 A.M. The distance is 30 miles.

MAILS FOR THE SHETLAND ISLANDS.

The mails for the Shetland Islands are despatched from Aberdeen every Friday evening, arriving at Kirkwall on Saturday and at Lerwick on Sunday morning; returning from Lerwick to Aberdeen every Monday at 6 and 10 P.M. alternately, and from Kirkwall to Aberdeen every Tuesday at 6 A.M., during the summer from April to October. In winter the mails are conveyed direct from Aberdeen to Lerwick by a sailing packet, the despatch and arrival of which are uncertain. The distance direct is about 200 miles.

SHERIFF SMALL DEBT COURTS,

For the recovery of Debts not exceeding £12, sits every Monday, Wednesday, and Thursday, for Glasgow, on Tuesdays, for Lanark and Airdrie, and Fridays for Hamilton, and have jurisdiction over the whole of Lanarkshire. The Defenders are cited before this court on an induciæ of six days: warrants to arrest on the dependence are issued: the decree may be extracted, and arrestments used upon it instantly; and it may be enforced, in all cases, by poiding, sale, and imprisonment, when above £8 6s. 8d., of the debtor's effects, ten free days after its date. In case of the debtor removing to a different county, the decree may be enforced against him there, on being endorsed by the Sheriff Clerk of the county to which he removes. Judges—Sheriff and Sheriff-substitutes of the county.

Note.—The Act authorizing imprisonment for Small Debts expired in 1840 for sums under £8 6s. 8d., excepting claims of aliment.

FORM OF PROCEEDING IN THE RECOVERY OF SMALL DEBTS.

Debts may be recovered in a summary manner before the Justice of Peace Court, to the extent of £5; and before the Sheriff Courts to the extent of £12.

The first step is set forth in a complaint or libel, agreeably to a prescribed form (the Clerks of Court will provide the necessary forms), the origin of the debt, or ground of action; and to cause the same, with a copy of the account, if any, to be served on the defender.

A warrant will, at the same time, be obtained to cite witnesses.

The parties may appear either by themselves or by members of their families, or others whom the Court may authorize; but in no case by persons practising the profession of the law, or by officers of Court, without special leave of the Court, or cause shown.

If the defender fail to appear after being cited, he will be held as confessed, and judgment will be given against him.

But when decree is given in absence against the defender, he may, before the expiry of the charge, apply for a rehearing, on consigning the sums decreed for in cases before Justices, and in cases before Sheriff by consigning 10s. of expenses, on applying within three months from date of charge.

If decree in absence be given against the pursuer, he may, within one month, obtain a rehearing on consigning 2s. 6d., if the case be before the Justices; and the expenses decreed for, with 5s. to meet further expenses, if the case be before the Sheriff.

The case will be adjourned upon the pursuer or defender offering a suitable excuse, or if any witness be absent.

If decree be given against the defender, diligence may proceed against him by arrestment instantly; and by poiding, sale, and imprisonment, if above £8 6s. 8d., at the end of ten days before the Sheriff; and by poiding and sale instantly, before the Justices.

If decree be given against the defender in his absence, poiding and sale, as above, can only follow after a charge of ten days.

The defender, on showing cause, may be allowed to pay the sums decreed for by instalments.

The decrees of the Sheriff and of the Justices may be executed in any county, on the same being endorsed by the clerk of such county.

Any arrestment used in cases before the Sheriff must be used within sixty days after the warrant is obtained, and renewed every three months; and such arrestments may be loosed, on offering sufficient caution, or on showing evidence of absolver or payment, or on consigning the sums demanded, if before decree.

The above forms will apply to any action of forthcoming whatever, before the Sheriff, for making effectual arrestments; but in such actions both the defender and arrestee must be cited to appear in Court on the same day.

Decrees, pronounced in this summary form by the Sheriff, will only be reviewable by the next Circuit Court of Jiciary; or if there be no Circuit Court, by the High Court of Jiciary at Edinburgh, on the ground of corruption, or malice, or oppression, on the part of the Judge.

Such decrees, when pronounced by the Justices,

will only be reviewable, by a reduction before the Court of Session, on the ground of malice and oppression on the part of the Justices, and such reduction will only be competent for one year, and finding caution for costs.

No person is exempt from the jurisdiction of Justices or Sheriffs in such cases, by reason of privilege as a member of the College of Justice.

The first object of this Institution is to give a first-class education on moderate terms, and at the same time to be self-supporting; accordingly the best masters are employed, and the fees are strictly within the means of the middle classes, while all eleemosynary or governmental aid is repudiated, so that no government or other irresponsible official is allowed to exercise any control, but the teachers are responsible to the parents, who may and are expected to visit the school as often as they see fit.

The second object is to afford to well-educated young men and women, who have a desire to become teachers, an opportunity, at a moderate expense of time and money, of becoming acquainted with and mastering the practical difficulties of the teacher's calling. Young men who are attending either university, and having views to the teaching profession, will find here, at a moderate fee, every facility of acquiring a knowledge of the details of school management. FARES.

It shall be in the option of the owner or driver to charge by time or distance.

Fares by Distance.—The distance to which any hackney carriage may be driven under these by-laws, shall be five miles from the Cross of Glasgow.

When a party not exceeding two grown-up persons, and without any luggage other than a carpet bag, or the like, enters a carriage at a stand (not being one of the Railway Stations) or when driving along disengaged, they shall be driven half a mile for Sixpence, and if they return, they shall pay another Sixpence.

Excepting the Sixpenny fare (which see), the fares by distance shall be shown in the annexed Table of Fares (No. 2). The charge in the Table shall include going from the nearest stance to the hirer's residence, and waiting ten minutes. But if the carriage

be detained before starting more than ten minutes, a charge of waiting at the rate of Sixpence for each quarter of an hour, or part thereof, after the expiry of the ten minutes, shall be allowed, and if the place where the hirer is to be lifted be above three hundred yards beyond the nearest stance whence the carriage is taken, there shall be a charge of Sixpence extra.

When any place is not mentioned in the Table, the fare shall be the same as that to any place mentioned which may be in the immediate vicinity, not being greater distance.

Half-fare returning.

When parties return (which they shall have the option of doing), and the fare going is One Shilling, the carriage shall wait ten minutes without any charge for waiting; when One Shilling and Sixpence, fifteen minutes; when Two Shillings and upwards, twenty minutes. If the carriage be detained longer, a charge shall be allowed for waiting, at the rate of Sixpence for every twenty minutes, or part thereof, commencing at the period when the free waiting expires.

When a carriage is called, but not used, a charge of Sixpence shall be allowed, if the place to which it is called be under half a mile from the stance, and One Shilling if beyond that.

Fares by Time.—For *bonâ fide* shopping, making calls and the like, where the driving is not continuous, the charge shall be One Shilling for the first half hour, and Sixpence for every additional quarter of an hour.

For an airing in the country, within five miles from the Cross, and returning either by the same or a different road, the rate shall be Sixpence for every ten minutes. Unless the hirer wishes a slower pace, the rate of driving, when out an airing, shall be at least six miles an hour. If the airing go beyond five miles, the duty to be paid in addition.

Whether the Fares are by Distance or by Time.—The hirer pays tolls.

If there be more than four grown persons driven, a charge of Sixpence extra shall be made for each additional grown person, and a charge of Sixpence for each two children above six years of age. No additional charge for one child above six, or children under six.

For luggage, exceeding 56 lbs in weight, there shall be a charge of Sixpence extra; but there shall be no charge for luggage under that weight. The driver shall assist in loading and unloading in all cases when required.

From eleven at night till two morning, fare and a half; from two till five morning, double fare; after five o'clock, the ordinary fare.

Owners or drivers may agree to drive at lower fares than those fixed. In that case, should they demand more than the fare agreed upon, they shall be liable as for an overcharge.

No charge for drivers.

Fare may be withheld.—Any party shall be entitled to withhold payment of the fare—

- 1st. When the name and number are not painted outside, or when there is no plate inside.
- 2nd. When the reference ticket is not offered on entrance.

BRITANNIA

LIFE ASSURANCE COMPANY,

Nos. 1 PRINCES STREET, BANK, LONDON,

And 46 RENFIELD STREET, GLASGOW.

ESTABLISHED AUGUST 1, 1837.

EMPOWERED UNDER A SPECIAL ACT OF PARLIAMENT.

CAPITAL, ONE MILLION STERLING.

GREAT ADVANTAGES OF THIS INSTITUTION.

The Rates of Premium are on the lowest Scale consistent with stability, and so varied as to accommodate the views of every class of insurers.

This Institution is empowered under special Act of Parliament, and so constituted as to afford the benefits of Life Assurance in their fullest extent to Policy Holders, and to present greater facilities and accommodation than can be obtained in any similar Establishment. Increasing and decreasing Rates of Premium on a new and remarkable plan have been constructed, peculiarly advantageous for securing loans or debts. By the former mode, a less immediate payment is required on a Policy than in any other office, and the amount of future payment optional with the Assurer.

The following important improvements on the ordinary system of Life Assurance have been adopted by the Britannia Company, and are recommended to the particular attention of the public:—

Age of the Assured in every case admitted in the Policy.

All claims payable in Three Months after proof of death, while other Offices take Six Months to consider this momentous question.

Medical Attendants remunerated by the Company in all cases for their reports, by which an important saving is effected to parties insuring.

No charge made for Policies or Admission Fees.

Policies revived within Twelve Months after expiration, on evidence of unimpaired health, without payment of the FINE demanded by other Offices.

Premiums may be paid Half-Yearly or Quarterly, and payments may be made to terminate after five, ten, or any other number of years required.

A Board of Directors in attendance Daily at two o'clock.

Thirty days allowed for Renewal of Policies. And in case any person Assured shall die within the said space of Thirty Days, and the party holding Policy from the Company, or his representatives, or any other person on his or their behalf, the Policy will be as valid and effectual as if the Premium had been paid when due, and in the lifetime of the person Assured.

The business of the Company in Scotland is so constituted as to confer all the benefits of purely Scotch Offices, and may sue or be sued in the Scotch courts, and does not require Probates, or Letters of Administration, on the lapsing of Policies.

Parties Insuring with this Company can deduct the Annual Premiums on their own and their wives' lives from the amount assessed upon for Income Tax.

Ladies and others, to whom it may be inconvenient to attend at the office, visited by one of the Medical Officers.

Assurances perfected on the same day they are proposed.

EXTRACT FROM NO. I.

Table of Equal Rates of Premium, which may be paid to this Company in any way most suited to the convenience of parties insuring:—

Age of the Assured.	Annual Premium required by old Offices sharing profits for Policy of £100.	The ordinary rate of the old Offices not sharing profits.	Reduced Premium of the Britannia Company.	Saving per Cent. by insuring in the Britannia Company, equal to an immediate Bonus of 25 to 30 per Cent.
	£ s. d.	£ s. d.	£ s. d.	£ s. d.
20	2 3 7	1 18 6	1 12 5	0 11 2

35	2 19 10	2 16 1	2 6 9	0 13 1
40	3 7 11	3 6 0	2 15 1	0 14 0

This Table exhibits at a glance a very important saving to the Insurer, fully adequate to insure AT ONCE one-third more principal sum than can be secured for the same premium in Offices sharing Profits to be realised, and in which it should be borne in mind, that should the life drop prematurely, no Bonus would have accrued; consequently the whole extra Premiums charged above the Britannia Company's rate would have been sacrificed, without yielding any commensurate advantage to the Insurer.

The BRITANNIA COMPANY prefer giving a direct and immediate advantage to the public by a fair reduction of rates, rather than inviting those to become partners who can have neither leisure nor inclination to understand or investigate their own rights. These advantages may be observed in the following scale, where the absolute saving to insurers in the Britannia Company is made to appear, supposing the sum to be insured One Thousand Pounds at any of the following ages.—

Age of the Assured.	The Annual Premium on £1000 in Offices dividing profits.	Sum Assured in the Britannia Office for the same Premium.	Certain and immediate Bonus secured in the Britannia Company on a Policy of £1000.

* * This Table, as will be obvious from the following illustrations, presents New and Important features in Life Assurance. (Vide the Company's Prospectus, which may be had gratis on application, either personally, or by letter, to the Company's Agent as under.)

By this plan of Insurance the public are vastly inconvenienced, increased facilities afforded, and every possible contingency or disappointment anticipated for the protection of the Assurer, with less immediate payment for the first five years than in any other Office, and the amount of subsequent payments left optional with the Insurer, an important advantage not given to the Policy Holders of any other Company.

If the Life Assured drops within the first period of five years, the sum he receives is almost equal to a gratuity. If in the second, he derives still a considerable benefit; and if he should live even to the last period, he has, notwithstanding, made his Assurance on advantageous terms. Again, if the Assurer should become unable to advance his premium, or that it is inconvenient for him to do so, he drops into the alternate scale—namely, a proportionate reduction of the sum assured, whilst it is only fair to remind him, that in other Companies adopting the increasing Rates of Premium, no such alternative exists. The insurers with Offices adopting that principle are called upon, without any excuse or consideration of circumstances, to advance their Premiums AFTER THE FIRST FIVE YEARS (when all accommodation has ceased), whether they are able to do so or not, otherwise their policies are forfeited, and all their previous payments lost to them for ever. The rate of reduction in the sum assured after the first five years, should the premium be not advanced, will appear by the following abstract, taking the sum assured at £1000, the whole amount insured being payable by this Company, should death previously occur, without any deduction whatever:—

If the Insurer dies after the first period of five years, without increasing his premium, it will be reduced one-eighth to.....£875, principal sum.

If he shall die after the second period of five years, without increasing his premium, it will be reduced one-fourth to.....£750, ditto.

If he shall die after the third period of five years, without increasing his premium, it will be reduced three-eighths to.....£625, ditto.

And if he shall die after the fourth period of five years, without increasing his premium, it will be reduced to.....£500, ditto.

After this period, no further reduction can be made on the amount assured.

* * This Company assures the Lives of Officers and others travelling to, or residing in, any part of the world.

Emigrants to Australia and the Colonies may effect Insurances on their Lives, at the lowest current rates, and every contingency affecting human life negotiated on equitable principles.

The progressively increasing patronage enjoyed by the Britannia Company during the past years (no doubt induced by the many important advantages it affords), renders it an imperative duty on the undersigned thus publicly to express his sincere acknowledgments to the public; and in soliciting a continuance of the same favours, he most respectfully begs to direct attention to the fact that, during the past years the number of Policies issued have not been exceeded by any Life Office in the Kingdom.

*** Medical Officers (who are in constant communication with the Agent as under), have been appointed in the principal Towns throughout the Kingdom, with the view of affording the utmost expedition to parties effecting Insurances, and to obviate the inconvenience of personal appearance at the Office.*

The uniform promptitude and liberality observed in the adjustment of all claims on this Company, the extreme attention and expedition in effecting Insurances, guided by equitable and honourable principles, with the lowest and most accommodating rates of premium that stability can admit of, have deservedly obtained for this Institution such a decided preference over its numerous competitors.

Proposal Forms for effecting Insurances, Prospectuses detailing the many advantages of the Company, with every information respecting the Rates of Premium for Home and Foreign Insurances, Survivorships, Joint Lives, and every other contingency affecting human life, may be had on application to

THE Company, established in 1823, has existed upwards of thirty-eight years, and has been incorporated by Act of Parliament, for the purpose of carrying on the business of Life Assurance in all its branches, on the most liberal and approved principles. The success which has attended the Company since its commencement, and its annually increasing prosperity, is a gratifying proof that the principles upon which it is founded are calculated to confer great benefits on Assurers.

The following are the principal advantages given by this Company:—

MUTUAL ASSURANCE, without Liability. See English Law Cases for Call on the Policy-holders in a Mutual Insurance Society for Debts of the Society.

The guarantee of a responsible body of Proprietors, either personally or otherwise, assured with the Office, affords the most undoubted security to all classes of Assurers, in addition to the accumulated and invested fund of the Company, now upwards of Three-fourths of a Million.

NINE-TENTHS of the WHOLE PROFITS Septennially divisible among the Assured—a larger proportion than can be divided with safety by any simple Mutual Assurance Society.

AN INTERMEDIATE BONUS paid on Policies becoming Claims between one investigation and another.

All the advantages of an Annual division are thus given, without its attendant evils.

THE MOST EQUITABLE PRINCIPLE OF DIVISION.

The greatest benefits are thereby bestowed upon all *first-class lives*, by no undue Bonus being paid away to those *who may die early*.

RATES OF PREMIUM EXTREMELY MODERATE.—The non-participation scale very favourable for security on Loans, or for *partnership* Insurances.

In reference to the next **SEPTENNIAL DIVISION** of this Office in 1863, the special attention of intending Insurers is requested to the **BENEFITS** which the Company's system of Division has conferred on its *Participating Assured*; illustrated in the results of previous Declarations to the old Policy-holders—the *best class Lives*.

The following are a few of these claims now or previously paid, with

BONUSES EXCEEDING ONE HUNDRED PER CENT. ON THE SUMS ORIGINALLY ASSURED:—

POLICY NUMBERS.	SUMS ASSURED.	BONUSES.	SUMS PAID.
	£1000	£1733 15 0	£2733 15 0

322	500	337 13 0	1137 13 0
148	500	505 3 0	1005 3 0
647			

Later Entrants have received Bonuses proportionate to their endurance and payments, as illustrated in *Prospectus*.

Bonuses may be surrendered for cash, or applied in reduction of the annual premiums. By this latter course, several of the oldest Policy-holders have redeemed their premiums, with a Bonus still attaching to the Policy, and *increasing*.

COLONIAL AND FOREIGN ASSURANCES.

THE COLONIAL LIFE ASSURANCE COMPANY was established at Edinburgh in 1846, and introduced new and important features into Life Assurance practice, by publishing rates calculated for Foreign residence, and by establishing Agencies abroad, thus affording increased facilities to persons whose views or occupations might lead them to travel or reside in other countries. By its means, also, the benefits of Life Assurance were extended to India and to the Colonies of Great Britain generally, on such beneficial terms, and under such liberal conditions, as improved knowledge and the circumstances of the times authorized and required.

The progress of the business has been most successful and satisfactory in every respect, and its extent has proved how greatly such an institution was wanted.

THE RATES OF THE COMPANY for Colonial and Foreign residence will be found moderate, and owing to the facilities and advantages afforded by the Company, they may be considered more advantageous, and virtually less expensive, than those of any other Office doing business abroad.

For the purpose of giving increased facilities, also, in the Company's transactions, the Directors have formed Local Boards of Management, and Branch Offices, in India and the Colonies, where Assurances may be effected, Premiums paid, and claims settled.

HOME ASSURANCE.

THE DIRECTORS of the COLONIAL LIFE ASSURANCE COMPANY having directed much attention to the CLASSIFICATION OF RISKS in connection with LIVES ABROAD, in which they have been most successful, have turned their attention to the CLASSIFICATION OF HOME RISKS, so as to give Professional Men, and settled persons of all classes whose occupations are not likely to call them beyond the limits of Europe, the advantage and privilege of possessing Policies, unfettered by restrictions as to foreign residence, on terms which the absence of such extra risks authorize them to adopt.

The Directors have, in accordance with these views, resolved to grant to Persons resident in this country, whose occupation, profession, or calling infers a residence in the United Kingdom, and who declare that they have no intention of going abroad,

Policies Without any Restriction as to Residence.

It is not possible to state exactly the Professions which this class will embrace, and much will depend on the features and particulars of each case; but the Directors may mention a few Professions and Occupations which the new Class will include:—COUNTRY GENTLEMEN, BARRISTERS AND ADVOCATES, SOLICITORS, AND OTHER LAW AGENTS, SETTLED MEDICAL PRACTITIONERS, BENEFICED CLERGYMEN, MANUFACTURERS AGRICULTURISTS, RETAIL SHOPKEEPERS, and others of like position; it being a rule, however,

that no policy under this class shall be issued on the life of any one below the age of 25, unless he shall have settled in life.

The Home Rates of premium are moderate. For example—

	Age 25.	Age 35.	Age 45.	
With Profits,.....	£2 1 0	£2 13 10	£3 14 2	per cent.
Without Profits, ..	1 17 7	2 9 4	3 7 11	"

DIVISION OF PROFITS.

The first Division of the Company's Profits took place as at 25th May, 1854, and the second as at 25th May, 1859, when large additions were made to all Policies effected in the Participation Scheme of the Company, as shown in the following Table, the example being Policies of £1000:—

Policies opened before	Original Sums Assured.	Bonus.		Total Bonus Additions.	TOTAL.
		Eight Years, 1846 to 1854.	Five Years, 1854 to 1859.		
25th May, 1847...	£1000	£160	£75	£235	£1235
" 1849...	1000	120	75	195	1195
" 1851...	1000	80	75	155	1155
" 1853...	1000	40	75	115	1115
" 1855...	1000	—	75	75	1075
" 1857...	1000	—	45	45	1045
" 1859...	1000	—	15	15	1015

The additions to Policies of larger or smaller amount are in the same proportion.

Those who do not wish to add the amount of the Bonus to the sum assured, are permitted to take the value of the addition in a present sum, or to apply its value for five years to the reduction of the Annual Premium.

THE PRESENT INCOME of the Company is upwards of One Hundred and Twenty Thousand Pounds Sterling per annum, and the ACCUMULATED FUND upwards of Four Hundred and Twelve Thousand Pounds Sterling.

Every information regarding the Company will be furnished on application to any of the Branch Offices or Agencies.

FIRE, LIFE, and MARINE ASSURANCES may be effected with this Corporation on advantageous terms.

Life Assurances are granted with, or without, participation in profits; in the latter case at reduced rates of Premium.

Any sum not exceeding £15,000 may be assured on the same Life.

The Reversionary Bonus on British Policies has averaged 48 *per cent.* upon the Premiums paid, or very nearly 2 *per cent. per annum* upon the sums assured.

The future Divisions of Profit will take place every FIVE YEARS.

The Expenses of Management being divided between the different branches, are spread over a *larger amount of business than that transacted by any other office.* The Charge upon each Policy is thereby so much reduced as to account for the magnitude of the Bonus which has been declared, and to afford a probability that a similar rate will be maintained at future divisions.

This Corporation affords to the Assured a liberal participation in Profits, with exemption under Royal Charter from the liabilities of partnership—a rate of Bonus equal to the average returns of Mutual Societies, with the guarantee, not afforded by them, of a large invested Capital-Stock—the advantages of modern practice, with the security of an Office whose resources have been tested by the experience of NEARLY A CENTURY AND A HALF.

The Corporation have always allowed the Assured to serve in Militia, Yeomanry, or Volunteer Corps, within the United Kingdom, free of charge.

The Directors request the special attention of intending Insurers to the system of Division of profits followed by this Company, than which no plan can be more fair and equitable.

Every five years each Policy-holder entitled to participate, receives a share of the Surplus in exact proportion to the Premiums paid during the five years, with accumulated interest thereon. The share of profits so allocated is then converted into a Reversionary Bonus, according to the age of the party.

While this system gives to each an exact proportion, it will be found alike favourable to young lives whose prospects of longevity are greater, and to parties entering at middle life or the more advanced ages; the Premiums paid by them being higher than at the earlier ages.

The following examples of BONUS ADDITIONS are taken from the Company's Books:—

A Policy issued in 1834 for £4000, had increased at 1st August, 1861, to the sum of £5,402 17 1

A Policy issued in 1836 for £5000, had increased at 1st August, 1861, to the sum of 6,487 15 10

A Policy issued in 1841 for £1000, had increased at 1st August, 1861, to the sum of 1,256 14 9

THE DISTINGUISHING FEATURES OF THIS COMPANY ARE—

I. *To give each Policy-holder his Share of the realized Profits ANNUALLY, at the Investigation on 20th January. THE BONUS FOR MANY YEARS HAS BEEN ONE POUND TEN SHILLINGS PER CENT. PER ANNUM ON THE SUM ASSURED.*

II. *Moderate Rates of Premiums, with and without Profits for whole of life, and for short periods.*

III. *LIBERTY under whole Life Policies, to all except Seafaring persons, to voyage all over the world without extra charge.*

IV. *LIBERTY to reside in NORTH AMERICA, within certain limits—MADEIRA, AUSTRALIA, NEW ZEALAND, VAN DIEMEN'S LAND, CAPE OF GOOD HOPE, PORT NATAL, BUENOS AYRES, and the West Coast of SOUTH AMERICA, within certain limits, free of extra charge.*

V. *LIBERTY to reside in any part of the world without extra premium, on the expiry of Five Years from the date of Policy, on the conditions mentioned in the Company's Prospectus.*

“**HALF CREDIT SYSTEM OF ASSURANCE.**”—A new adaptation of the Bonus system recently originated by this Company. Under this plan the Assured are allowed credit for seven years for one half of the Premium exigible at entry, and at the end of the seven years are enabled to keep up the Policy at a very moderate rate of Premium; whilst even that moderate Premium begins immediately thereafter to be reduced, and continues to be further reduced yearly to the end of the party's life. At death, after the expiry of the term of credit, the sum in the Policy is payable free of all debt or claim upon it by the Company.

NO ENTRY-MONEY, MEDICAL FEES, NOR POLICY STAMPS CHARGED.

The Sums Assured amount to upwards of £2,400,000.

The Annual Revenue of the Company from Premiums alone is upwards of £77,000.

Copies of the Company's Pamphlets, Forms of Proposal, and all other information, may be had on application at any of the Company's offices or Agencies throughout the kingdom,

THE STANDARD LIFE ASSURANCE COMPANY.

ESTABLISHED 1825.

CONSTITUTED BY SPECIAL ACTS OF PARLIAMENT.

PROGRESS OF THE COMPANY'S BUSINESS

THE BUSINESS of the COMPANY has increased steadily year by year, until it has attained its present large amount. THE STANDARD has transacted a larger amount of Business during the last fifteen years than any other Office.

From 1846 to 1851 the amount of Assurances effected was	£2,245,461 13 0
From 1851 to 1856 the amount of Assurances effected was	2,541,840 5 1
From 1856 to 1861 the amount of Assurances effected was	2,802,958 14 5
Total in fifteen years	£7,590,260 12 6

These results have not been attained by any other than constitutional means, and the Directors are satisfied that, large as the Business has been, no office can exhibit a better class of risks. It has not been increased by the inducement of personal loans.—The Directors have not followed the practice of assuring deteriorated lives on enhanced terms, nor has the STANDARD obtained business by means of agencies out of the United Kingdom. In short, it is a first class home business, the Assurances being almost entirely, as stated in the Proposals for Assurance, effected in connection with Family Provisions and Marriage Settlements.

The REVENUE of the Company was in 1846	£120,815 19 5
“ “ “ “ 1851	£180,203 5 8
“ “ “ “ 1856	£254,484 10 8
“ “ “ “ 1861	£314,497 11 1

THE POLICIES OF THE STANDARD LIFE ASSURANCE COMPANY ARE MORE VALUABLE THAN ORDINARY POLICIES,

inasmuch as they are free from extra Premiums in the case of Foreign residence, when the Directors are satisfied there is no intention or prospect on the part of the Assured to reside abroad. They are also free from other restrictive clauses. These are great benefits. Take as an example a lifeferent who assure his life. In ordinary Policies he is limited to residence in Europe, and his Policy is subject to forfeiture on various grounds. A STANDARD *Free Policy*, once obtained, contains but one condition—payment of the Premiums, and for that, too, increased facilities are given; while, at the end of five years, the Assurance Deed becomes—as regards any question—a simple promise to pay on proof of death. If the Policy is to be made the basis of a Marriage Contract, or to be a security in any way, the advantage of a Free Assurance is undeniable; and, in the present day, every Policy, it may be said, becomes, in the course of its existence, in some way or other, the groundwork of a responsible transaction.

THE PROFITS OF THE COMPANY

have been divided on six occasions—in 1835, 1840, 1845, 1850, 1855, and 1860—when large additions were made to Policies under the peculiar mode of division adopted by the Company, which is essentially Tontine, affording very important advantages to Assurers.

Next Division in 1865 and every five years afterwards.

NO CHARGE IS MADE FOR POLICY STAMPS OR MEDICAL FEES.

POLICIES are purchased by the Office; or Loans may be obtained upon them when their surrender value amounts to £20 and upwards.

If a party neglect to pay for the renewal of his policy, he may repair the omission any time within twelve months, upon proof of good health.

The Profits (subject to a trifling deduction) are divided among the Insured. The plan upon which they are divided gives to each party insured a share proportionate to the amount of the Premiums he has contributed.

In addition to these advantages, the Directors adopt the principle of allotting a Bonus to Policies entitled to participate in Profits lapsing between the Quinquennial Periods of Division, at the rate of £20 per cent. on the aggregate amount of Premiums paid on each such Policy from the then last Quinquennial Division.

The Directors have always acted upon the principle that they are bound to receive the Renewal Premium upon a Policy any time within the thirty days' grace allowed, notwithstanding the death of the Life Insured.

The following Extract, from the LIST of CLAIMS paid by the "PROVIDENT," is published with the sanction of the parties interested in the Policies, some of whom have accompanied their acknowledgment of the unexpected advantages with an earnest desire that the widest circulation may be given to the publication.

AS SHOWN BY A RETURN MADE TO PARLIAMENT, AND ORDERED BY THE HOUSE OF COMMONS TO BE PRINTED, 7TH JUNE, 1861.

The following Table exhibits the Increase of Duty paid to Government by the different Insurance Offices (London and Country), and proves, on the authority of Public Documents, that the ROYAL INSURANCE COMPANY is increasing its Fire Business far more rapidly than any other Insurance Office in Great Britain and Ireland.

THE above statement exhibits more clearly and on more conclusive authority than any other that could be produced the HIGH ESTIMATION IN WHICH THE "ROYAL" IS HELD BY THE PUBLIC. The INCREASE of the "ROYAL" in Duty paid to Government is more than DOUBLE THAT OF ANY OTHER COMPANY, and more than THIRTY PER CENT. of the entire Increase of all the London Offices combined. The Increase of the "ROYAL" is also more than THIRTY PER CENT. of the entire Increase of the other Twenty-eight Country Offices combined.

LIFE DEPARTMENT.

Persons Assured for the whole term of life for £100 and upwards, in Great Britain or Ireland *respectively* will have an addition made to their Policies every Fifth Year (instead of every seventh, as heretofore), or an equivalent reduction will be made in the future payments of Premium, at the option of the Assured.

At the last valuation up to Christmas, 1859, there existed a SURPLUS of £270,295—the whole of which belonged to the Policy-holders.

The next valuation will be made up to Christmas, 1864, Policies on the Participating Scale, in England or Ireland respectively, which may be effected before that date, will, if the parties be then alive, participate in the surplus in proportion to the time they may have been in force.

Policies may also be effected for the whole term of life by payments yearly or half-yearly, also by a limited number of yearly payments, a mode of Assurance which originated with this Company in 1816.

Policies may be effected at reduced Premiums *without participation* in the Bonuses.

Assurances for short periods may now be effected in this Office at considerably reduced rates of Premium.

The Directors have the satisfaction of stating—

That the INCOME of this Branch for the year 1859 exceeded £190,000.

That the INVESTMENTS for the Life Policy-holders now amount to £1,717,396.

That the Interests and Dividends arising therefrom are invested for the *Sole Benefit* of the Policy-holders.

The Company has paid to Claimants under Life Policies, from the year 1808 to the close of 1859, the sum of £3,506,171, of which a very *considerable proportion* was for *Additions*, by way of Bonus on the sum originally assured.

CHARLES ANSELL, ACTUARY.

FIRE DEPARTMENT.

This Company undertakes the Assurance of almost every species of Property in the United Kingdom, at rates of Premium, and upon principles which will be found quite as advantageous to the interests of the Assured as those offered by any other Office. The Directors can confidently refer to the well-known character of the Company for liberality and promptitude in the discharge of claims made upon it during the many years it has been established.

Manufactories, Sugar Houses, Distilleries, Private or Public Warehouses, Ships building, Ships in Harbour, Hoses, Furniture, Stock in Trade, &c., assured for the year, or any shorter period.

The Policies of this Company cover Losses occasioned by the Explosion of Gas. Losses occasioned by Lightning will also be paid.

Duty paid to Government by the ATLAS ASSURANCE COMPANY for 1860, on Fire Assurance in United Kingdom (exclusive of Farming Stock), £45,727.

Tables of Rates, Forms of Proposal, and any information needful to effect Life or Fire Assurances, may be obtained on application to the Office, No. 92 Cheapside, London; or to any of the Company's Agents.

LIFE DEPARTMENT.

THE Arrangements of this Office are based on principles that have been verified by experience.

The Rates for Assurance of fixed sums are very moderate.

Extra Premiums for Foreign Residence have been dispensed with to a great extent, and a very important rule has been adopted to protect the interests of parties holding Policies on the Lives of others, who may incur extra risks without the knowledge of the holders.

For surrender of Policies of the ordinary class, after three years' endurance, a liberal return of Premiums, according to a fixed rule, is *guaranteed*, besides the value of vested Bonuses where such have been declared.

According to the constitution of the Company, Investigations must be made at intervals not exceeding five years. The last investigation took place at 31st January, 1862, when Bonuses were added to all Assurances of the Participation Class; and the following results of this and previous declarations may be stated.

1. A Policy for £1000 on which 7 years' premiums had been paid was increased in 1862, to £1098 2 10
2. A Policy for £1000 on which 12 years' premiums had been paid was increased to £1170 15 7
3. A Policy for £1000 on which 17 years' premiums had been paid was increased to £1213 19 1
4. A Policy for £1000 on which 22 years' premiums had been paid was increased to £1319 16 2

A further Bonus is also payable on Policies, to which vested additions have been made becoming Claims before next Investigation—an arrangement which secures for such case advantages similar to those of Annual Investigations.

POLICIES are indisputable, after five years, if the age of the Assured is admitted.

LIFE INSURANCES.

THIS Company offers to the Public the security of an ample paid up Capital, and accumulated Fund of ONE MILLION AND A HALF STERLING, with an ANNUAL REVENUE OF ABOUT £200,000 from the *Life Branch alone*. Four-fifths, or 80 per cent. of the Profits, are appropriated to the holders of all Policies of £100 and upwards, every Fifth Year, and *without responsibility of partnership*.

AMOUNT PAID FOR LIFE CLAIMS SINCE THE OFFICE WAS ESTABLISHED, £3,600,000.

The share of profits allotted to each Policy may be added to the sum insured, and payable at the death of the Life—or its present value in cash may be received—or an equivalent reduction of the future Annual Premium obtained—at the option of the Assured.

At last DIVISION—Christmas, 1857—the REVERSIONARY BONUS declared upon the Policies participating in Four-fifths of the Profits, ranged BETWEEN TWENTY-SEVEN AND SEVENTY-THREE PER CENT., according to age, upon the Premiums paid during the preceding Five Years.

Assurances effected at lower rates without participation.—Reversions purchased, and Annuities granted.

LOANS.

Loans are granted by the Company on Life Policies, on approved personal security, and Advances are also made on the security of Policies of adequate value.

VOLUNTEER CORPS.

Persons insured with this Company are at liberty to serve in any Volunteer Corps, within the United Kingdom, without prejudice to their Policies.

“DAYS OF GRACE.”

By the condition of the Company's Policies, invariably acted upon for upwards of Fifty Years, the period for payment of Premiums is not only extended to the days of grace, without forfeiture of the Policies, but the sums insured are recoverable, the same as if the claim had arisen at any time previously.

NO CHARGE FOR LIFE POLICY STAMPS OR MEDICAL FEES.

FIRE INSURANCES

Are effected by the Company at the usual Rates, on the various descriptions of Property. Manfactories and similar risks insured by special agreement, on the most favourable terms.

DUTY PAID FOR THE YEAR 1860, £59,856.

ANNUAL REVENUE IN THE FIRE DEPARTMENT—£105,000.

Losses by explosion of gas, are made good by this Company. Steam-thrashing machines are allowed to be used on Farms without extra charge.

Forms of Proposals and Prospectuses may be had on application to any of the Company's Agents.

N.B.—Agents are required in Towns in which the Company are not represented.

THE PREMIUMS at early and middle ages, are about a fourth lower than in the other Mutual or Participating Offices. They are as low as the *Non-participating* rates of the Proprietary Companies, which they admit of being, not only with safety, but with ample reversion of Profits to the Policy-holders—being free from the burden of Dividends to Shareholders.

EXAMPLES OF ANNUAL PREMIUM TO ASSURE £100 AT DEATH.

Age—25.	30	35	40	45	50
£ s. d. 1 18 0	£ s. d. 2 1 6	£ s. d. 2 6 10	£ s. d. 2 14 9	£ s. d. 3 5 9	£ s. d. 4 1 7

Thus, a person of 30 may secure £1000 at death for a yearly payment of £20 15s., which, if paid to any of the other Mutual Offices, would secure a Policy for £800 only.

The arrangement by which the Premiums are reduced to a rate commensurate with the risk, is obviously more suited for securing a competent family provision, in case of early death, than that which, by the same yearly outlay, secures a much smaller present sum, with the hope only of prospective and contingent additions.

THE PROFITS are divided on a principle at once safe, equitable, and favourable to good lives—the Surplus being reserved for those members who alone can have made surplus payments; in other words, those whose premiums, with accumulated interest, amount to the sums in their Policies.

In this way Policies originally for £1000 which have shared in two Septennial Divisions, have been increased in some instances to £1780.

Upwards of 12,000 Policies have been issued, assuring over One Million and a Quarter. The accumulated Fund arising entirely from Premiums, exceeds £773,000.

In all points of practice—as in provision for the indefeasibility of Policies, facility of license for travelling or residence abroad, and of obtaining advances on the value of the Policies—the regulations of the Society, as well as the administration, are as liberal as is consistent with right principle.

Reports explanatory of the Principles, with every information, may be had on application at the Head Office; or at the

NORTH BRITISH FIRE AND LIFE INSURANCE COMPANY.

GLASGOW OFFICE—102 St. VINCENT STREET.

PRESIDENT.

HIS GRACE THE DUKE OF ROXBURGHE, K.T.

LIFE DEPARTMENT.

THE NORTH BRITISH INSURANCE COMPANY, as a Life Office, was established in 1823. The principles on which it was founded, and on which it continues to act, combine the system of **MUTUAL INSURANCE** with the safety of a large **PROTECTING CAPITAL**, and thus afford all the facilities and advantages which can prudently be offered by any Life Assurance Office.

In virtue of the Guarantee afforded by its Capital, the Company can adopt rates lower than what are practicable by a purely Mutual office; while, in virtue of the principle of giving the insured, *in their option*, a right to a share in the Profits, they derive the same, or even a greater benefit, than if they actually belonged to a Mutual office.

The Premiums are regulated on these two principles—either a party may pay a higher rate, and secure the benefit of a share in the Profits, or he may adopt a lower rate, while he has absolute security for the payment of the amount in his Policy.

ADVANTAGES OFFERED BY THIS COMPANY.

1. Nine-tenths (90 per cent.) of the Profits, or, in other words, the whole of the Profits arising from the Life Business, after setting aside one-tenth for the guarantee, are divided among the Assured entitled to participate.
2. Bonuses may be added to the sum assured, or surrendered for a cash payment, or applied to the reduction of the future Premiums.
3. A prospective Bonus of 1 per cent. per annum is allowed on Policies which have subsisted for five years, which may become claims previous to the next Investigation in 1865.
4. The sum insured may be made payable at any given age, or at death, if it occur previously.
5. An ascending scale of Premiums, whereby Policies may be effected at the lowest possible rates.
6. On Insurances for a Whole Period of Life, half the Premium may remain on credit for the first Five Years, or one-third during the convenience of the party assured.
7. No Extra Charge for residence in British North America, the Cape, Australia (excluding the Diggings), New Zealand, Port Natal, and parts of the United States; and no license required except for the voyage.
8. Policies shall, on special application, be declared indisputable from the date of their issue (proof of Age being given), and shall not be liable to any challenge whatever in connection with the proposal and relative papers on which the Contract of Assurance is based, and shall be freed from all grounds of objection (fraud alone excepted), provided that the Premium stipulated in the Policy, and any Extra Premium which may be exigible, shall be duly paid.

9. Advances made on Policies, to the extent of the security they afford, when the value amounts to £50 and upwards.
10. No Entry-Money or other charge; and Policy Stamp paid by the Office.

NEW AND IMPORTANT ADVANTAGES.

To meet the exigencies of parties, and to render the benefits of Life Assurance more generally available, the Directors have adopted the following new and important principles:—

1. APPLICATION OF PROFITS TO THE PURCHASE OF AN ANNUITY.

By this system a party not only secures the payment of the sum in the event of his death before age 65, but at his option he may convert the Policy with its Bonuses into an equivalent Annuity commencing at 65.

2. HALF-PREMIUM SYSTEM.

By which a party may secure all the benefits of the Half-credit System, and keep the Policy free from the burden of debt.

3. DOUBLE INSURANCE SYSTEM.

By which, for a moderate uniform Premium, a Policy may be secured, which will increase each year until, in 20 years, the sum in the Policy is doubled. This system is particularly advantageous to young lives.

For further explanation of these new principles, and for the Rates applicable thereto, see the Company's Prospectus.

ANNUITIES.

1. IMMEDIATE ANNUITIES are granted on favourable terms.
2. DEFERRED ANNUITIES, to commence at any specified age, may be secured, either with or without return of Premium.
3. SURVIVORSHIP ANNUITIES may be secured, with or without return of Premium.

REVERSIONARY INTERESTS.

The Company are ready either to purchase reversionary interests and Life Rents, or to make advances on them to the extent of the security they afford.

The Life Department of the Company is entirely separate from that of the Fire, the Funds of the one not being in any way affected by the losses or profits of the other, except that the Accumulated Funds of the Fire office are liable to pay the obligations of the Life Department.

FIRE INSURANCE.

The Company Insures against LOSS or DAMAGE by FIRE all descriptions of Buildings, including Mills and Manufactories, and the Goods, Wares, and Merchandise in the same; Ships in harbour or in dock, and Farming Stock of all descriptions, at the lowest rates of Premium corresponding to the risk.

The Rates of Annual Premium on the Three Ordinary Classes of Insurance are:—

COMMON, 1s. 6d.; HAZARDOUS, 2s. 6d.; DOUBLY HAZARDOUS, 4s. 6d.
with certain exceptions.

Rents of Property Insured on the same terms as the Buildings.

Farm Stock and Crop Insured, without the average clause, at 5s. per cent. (free of Duty), and Loss and DAMAGE by LIGHTNING thereon made good.

The Company holds itself responsible for Loss and Damage occasioned by Explosion of Gas, such Explosion taking place within Buildings on, or in which, this Company has Insurance.

No charge is made for Policies when the Sum Insured amounts to £300; or for Transfers from other Offices.

LOSSES SETTLED WITH THE UTMOST PROMPTITUDE AND LIBERALITY.

SUPERINTENDENT,.....Mr. D. MACDONALD.

OFFICE—193 ST. VINCENT STREET, GLASGOW.

THE Company grants Assurance to meet every contingency of Life, also Endowments and Annuities, both immediate and deferred.

The following are amongst the special advantages offered by this Company:—

INVALID AND DISEASED LIVES.—In cases of invalid and diseased lives, where an extra premium might reasonably be required, the ordinary rates *only* are charged, subject to the simple condition that in the event of a claim occurring prior to the age to which, as a *first-class* life, the assured might have been expected to attain, such a deduction be made from the sum assured as shall be equal to the extra premium remitted.

APPLICATION OF PROFITS.—All Bonuses will be applied upon the principle of converting the Assurance into an Endowment payable during the lifetime of the Assured. For instance, assuming a party to have assured at the age of 40, and become entitled to several Bonuses during the succeeding ten years, the sum Assured might be payable absolutely to himself at say 60, or at even an earlier Period by further periodical divisions of profits. Or it might, if preferred, be converted into an *annuity*, payable during the Life of the Assurer.

SURRENDER OF POLICIES.—Forty per cent. of the Premiums paid upon any Policy, of not less than four years' duration, will be at the disposal of the Assured at any time, either as a surrender value or advance upon the policy; or, if preferred, a paid-up Policy for double the amount will be issued instead.

LOANS.—The Company makes advances upon Personal security in connection with a Life Policy.

UNCONDITIONAL ASSURANCES.—Special Policies are issued without any condition whatever, save the periodical payment of the Premium; thus, in addition to the right to travel in any part of the world, or engage in any occupation without reference to the Company, they are beyond objection in any shape or form.

Thirty days' grace are allowed for the payment of Premiums beyond the day of their becoming due.

No extra premium charged for Military service in the United Kingdom. Nor for permission to pass in times of peace from one European port to another; or to reside or travel within the limits of Europe.

THIS Society is conducted on the principle of Mutual Assurance; and there being no Proprietary Body the whole of the Profits belong exclusively to the Members.

A Division of Profits is made every year, and all Members' Policies upon which five full Yearly Premiums have been paid are entitled to participate therein, either by a reduction of the Premium for the current year, or by an equivalent Reversionary Addition to the Sum Assured.

The Reduction in Members' Premiums for the year 1862 is at the rate of £42 per Cent.; an annual Premium of £10 is thus reduced to £5 16s. 0d. for the current year.

The Society's Capital, accumulated solely from the Premiums, amounts to £395,000, after providing for all claims and expenses; and the Annual Income from Premiums and Interest on the Capital, to £72,000, thus affording the fullest security to the Assured for the due fulfilment of the Claims as they arise.

The Society has paid to the Representatives of deceased Members upwards of £500,000, in addition to upwards of £210,000, returned to Members as profit and applied to the Reduction of their Premiums.

No charge is made to Members beyond the amount of their Premiums.

Medical Fees and Policy Stamps are paid by this Society.

Twenty days' grace are allowed for Payment of Renewal Premiums.

Policies remain in full force during the days of grace.

A portion of the Premiums on whole Life Policies may remain unpaid, at Interest.

The Society makes no extra charge for Members of Volunteer Rifle Corps serving in the United Kingdom.

LIFE ASSOCIATION OF SCOTLAND,

Founded 1838—Empowered by Royal Charter and Act of Parliament.

THE ASSOCIATION HAS NOW IN OPERATION TWO SEPARATE SCHEMES OF ASSURANCE.

ORIGINAL SCHEME—(CLASS A.)

ORDINARY ASSURANCE.

The Original Scheme of the Association has been in operation for Twenty-three years, and is arranged expressly with the view of reducing the expense of Life Assurance as low as is consistent with security.

1. AN ALLOCATION OF PROFIT is made yearly to all Policy-holders who were of Five years' standing at the date of the preceding balance, and so as to reduce the outlay for the Policies. Policy-holders of the First Series have thus for many years been called on to pay only 12s. 6d. (instead of 20s.) per £1 of their premiums, the remainder having been paid from the profits. For example, a Policy-holder, whose premium is £50, obtains this year a return from the profits of £18 15s.; and another, whose premium is £20, obtains £7 10s. The saving to the Policy-holders thus effected on a Policy of £1000, has been as follows:—

Age.	If opened in 1845.	If opened in 1850.	If opened in 1855.
60	£639 2 3	£409 16 5	£212 8 6
55	524 4 11	336 3 3	174 4 11
50	431 14 8	276 16 10	143 9 11
45	356 19 0	228 17 9	118 12 10

and so on at every age, and with all Policies of more than five years' standing. The Second Series commenced to participate in profits at the Division in 1861, when a reduction of 25 per cent. (5s. per £1) from their next year's premium was declared.

2. THE OUTLAY FOR A POLICY may be materially lessened also, until the time of participating in profits, by the HALF-CREDIT SYSTEM; under which only half the premiums for the first six years need be paid, the other half remaining unpaid (at interest) as long as the Assured pleases.
3. FREEDOM FROM RESTRICTIONS. The Policies now being issued are free from some important restrictions imposed by other Offices, and confer unusual privileges. They are thus peculiarly valuable as securities for money, family provisions, and for every other purpose.—See *Prospectus* for full Explanations.

ON 5TH APRIL NEXT,

This Scheme will close for the current year.

Those who enter on or before that date will secure special advantages over later Entrants.

NEW SCHEME—(CLASS B.)

UNCONDITIONAL ASSURANCE.

While the Policies of the Original Scheme have been relieved of many of the usual imperfections of Assurance Policies, the Association has, by this New Scheme, met the desire of late manifested for a system still more simple and unconditional.

1. NO FORFEITURE (as is usually the case) by omission to pay a premium through accident or oversight; and, after Five years, payment of a premium may be intentionally postponed for a year.
2. NO RESTRICTIONS as to Occupation, Residence, or Travelling; and no Extra Premiums can ever be payable.
3. THE LIABILITY of the Association for the Sum Assured continues even if death happen by *Suicide, Duelling, &c.*
4. THE VALIDITY OF THE POLICY cannot be questioned in so far as an Assignee is concerned; and, under any circumstances, the Assurance becomes unquestionable and indefeasible by the lapse of Five years.

5. THE WITHDRAWAL of a fixed and unusually large proportion of his payments, either as a loan on security of the Policy, or for its surrender, after the first year, is in the power of the Policy-holder.
6. ALLOCATIONS OF PROFITS in the form of *Bonus Additions* to the Sum Assured, with the option of equivalent cash payments.

The Policies of this New Scheme have, therefore, an EXTRAORDINARY VALUE and IMPORTANCE, and afford complete protection under all circumstances. It is, however, not intended for persons residing in, or likely to proceed to, unhealthy climates.—See *Prospectus for full explanations of the Scheme.*

ON 5TH DECEMBER NEXT,

This Scheme will be closed for the current year.

Entrants on or before that date will secure a Full Year's Bonus more than later Entrants.

FIRE DEPARTMENT.

The Premiums exceed £360,000, and place it in the first-class of Fire Offices; its liberality and promptitude in settling claims have been established in the adjustment of enormous losses; and its influence in determining rates of Premium has uniformly been given to proposals for improving the character of risks, that high Premiums may be unnecessary.

LIFE DEPARTMENT.

The system of **BONUSES** is simple, involving no possible liability of Partnership; liberal, guaranteeing a more than average amount of benefit; satisfying, because known at the date of the Insurance, and, therefore, free from disappointment, uncertainty, and doubt. The arrangements in other respects are intended to render Policies of the LIVERPOOL AND LONDON perfect securities in the hands of third parties. The Annual Premiums exceed £135,000; the Accumulated reserve is £762,000.

ANNUITIES.

The payments by the Company exceed £21,000 per annum. Every facility is afforded to persons purchasing Annuities to enable their Receipt at such times and places as may be convenient, and the terms and rates will be found satisfactory.

IMPORTANT TO DECLINED AND DOUBTFUL LIVES.

This Company has adopted an ENTIRELY ORIGINAL SYSTEM, by which no addition is made to the Premium, nor any Reduction of the Sum Assured. The Policy is simply endorsed to the effect that, should death ensue *before* the Premiums paid in, with *due interest*, amount to the Sum Assured, a deduction will then be made equivalent to the calculated deterioration of the life. Should the Policy-holder, however, live a certain number of years, this endorsement becomes a nullity.

BEGS TO INTRODUCE HIS GREAT IMPROVEMENTS IN
REGISTER STOVE GRATES, ASH PANS, & VENTILATION.

THE mechanical improvement in this elegant Stove Grate, besides its general construction, consists in the fireplace having two drafts—one vertical over the fire, and the other horizontal at the back of the fire. The back-door, or damper, which overhangs the fire, is made by simple arrangement, when pushed back, to open both drafts; and when drawn forward, to shut them in whole or in part as wanted. The lower air-draft will be found to ignite the greater part of the gaseous products disengaged from the burning fuel. The fire-draft being thus easily controlled, the heat which otherwise goes up the chimney draft is retained in the apartment, making it comfortable with small expenditure of fuel. Cold air currents across the floor or through the apartment are thus avoided, and a regular system of house ventilation in connection with open fire grates made attainable. These Grates when shut present an elegant Summer appearance, effectually stopping back smoke.

The only holder of EXHIBITION PRIZE MEDALS for Gas Meters at London, Paris, and New York.

JOHN HAMILTON,

19 GORDON STREET, GLASGOW,

AGENT FOR THOMAS GLOVER'S PATENT DRY GAS METERS,

HAS much pleasure in intimating that he is prepared to supply these celebrated Meters, duly stamped by the Government Inspector, under the authority of the Sale of Gas Act, 22 and 23 Vict., Cap. 66.

J. H. begs leave to refer to the 10th Clause of the said Act, by which it will be seen that a stamped Meter, irrespective of the district in which it is stamped, is a Legal Measure, and can be fixed to measure Gas throughout the United Kingdom; also to the 16th Clause, in which it is enacted that every Consumer of Gas may buy and use, for the measurement of the Gas supplied to him, any stamped Meter under the authority of this Act.

J. H. begs to call attention to the fact that almost all the provisions contained in the Clauses of the above recited Act, are directed against proved *defects* and *inaccuracies* of the Wet or Water Gas Meter. He is now prepared to supply these Patent Dry Gas Meters (duly stamped), which are guaranteed to meet all the requirements of the Act, and possess the following qualities essential to a good Gas Meter:—

- 1st. It is an *accurate* measurer of Gas, and *does not* vary in its registration.
- 2nd. It prevents jumping of the lights, and sudden unexpected extinction of the lights.
- 3rd. It does not require to be interfered with or opened, thus explosions and other accidents are avoided.
- 4th. It cannot be tampered with and made to vary in its registration without showing marks of injury on its outer case.
- 5th. It may be fixed either above or below the level of the lights, in conspicuous and well-lighted positions.
- 6th. It is guaranteed and upheld for five years, free of expense, to either Gas Companies or Consumers.
- 7th. It is unaffected by frost, consequently the annoyance of lights being extinguished by the freezing of water is prevented.

The comfort and satisfaction of having a Thomas Glover's Patent Dry Gas Meter is well known to many thousands of the Consumers of Gas in Glasgow and other places.

GLASGOW, May, 1862.

The COFFEE PLANT, "*Coffea Arabica*" of Linnæus, is an evergreen, and, as may be inferred from its scientific name, is a native of Arabia. It produces a pulpy berry about the size of a small cherry, enclosing two seeds, which, separated from their pulpy envelope, form the well-known Coffee Beans of commerce. It may be remarked, as a singular fact in reference to Coffee, that while all of the vegetable kingdom that have been taken under the care of man have been improved, it alone asserts its independence; for, although cultivation may greatly enlarge the crop, it as certainly, at the same time, deteriorates the flavour, and the produce of the wild plant still maintains the highest figure in the market. It is well known that Coffee would be of no real value were it not properly roasted—a process which, as it requires much skill, is only to be acquired by experience. How man became acquainted with the fact, that the tasteless seeds of a berry, when roasted, ground, and infused, would form a grateful beverage, will most probably remain a secret to the end of time. That the development of its useful properties depends wholly upon the roasting, is evident. About two hundred years ago, Coffee was first introduced into England, since which its consumption has steadily increased, and deservedly so, when its medical properties are considered, it having been found useful in headaches arising from a particular state of the stomach, and much benefit having been derived from its exhibition in cases of asthma.

A French scientific gentleman, who has directed his attention to this subject, says:—"I have found that Coffee is better roasted, and more of the aroma retained, when a double cylinder is used—the air between the interior and exterior cylinders acting as a non-conductor of heat. It is done more uniformly, while the essential oil on which the aroma depends is liable to be dispersed, than when exposed to the fierce heat of a fire in a single cylinder."

In the double rotatory globular method of roasting, as practised at Mr. MINTO'S Works, 29 M'Pherson Street, off High Street, Glasgow, the above principle is acted upon, inasmuch as the globe (which has superseded the cylinder since the application of steam-power to this branch) revolves in a medium of heated air, which, experience has shown, best prevents the dispersion of the essential oil, or aroma.

# MINIMUM PREMIUMS.

---

INTENDING Assurers, who are desirous of availing themselves of the Ordinary Rates of the Society, and of securing the full Additions to their Policies, are referred to the ordinary Pamphlets, explaining the Rates and Rules of the Institution.

THIS SPECIAL PAMPHLET is intended for that numerous Class who are desirous of obtaining for such Amounts as they are enabled to devote from their Income, the largest amount of immediate Assurance, without subjecting themselves to increase of their subsequent Payments.

The following excellent observations, made by MR. SHERIFF BELL at the ANNUAL MEETING of the Society on 23d May, 1861, explain with great distinctness the benefits of the system, and show how much it has been appreciated by the public:—

“I think the members of this Institution have every reason to congratulate themselves upon its steady and confirmed prosperity. In looking over the Tables of the Institution, I was much struck with one of them, which is commonly spoken of as ‘The Minimum Premium Table.’ The first desire with most people having an annual amount which they wish devoted to Life Assurance, is to assure as large a sum as possible for the smallest possible premium. Now, by this Minimum Table it does appear to me, so far as I have been able to look at the tables of other Assurance offices, that this object is more successfully and safely obtained than anywhere else; for I do not know any office that assures an equal sum at so small a premium. I think that the observations which have been made in one of the pamphlets upon the Minimum Premiums shows that they are perfectly sound. The Minimum Premiums are based upon this principle, that if the annual rates of addition at the Septennial Investigation shall fall under  $1\frac{1}{2}$  per cent., then the sum insured upon the minimum scale shall suffer a proportionate diminution; and if the addition be more than  $1\frac{1}{2}$  per cent., then the ‘minimum’ insurers shall enjoy a proportionate increase. Now, the improbability of reduction is exemplified by our past experience. We find, by looking back at the Septennial Investigations of the years 1832, 1839, 1846, 1853, and now in 1860, that the additions have never been under  $1\frac{1}{2}$  per cent.; that at the Septennial Investigation of 1846 the additions rose to 2 per cent.; and that since then they have been  $1\frac{3}{4}$  per cent., both in 1853 and at December 31, 1860, so that the insurers at the minimum rate have suffered no diminution, but are rather entitled to receive certain additions. This table has only been in existence a few years, and already it has become a very popular one in this office. I have shown my confidence in the scheme by myself taking out a policy under it. In the pamphlet which I hold in my hand, and which was published some time ago, it is stated, with that absence of all excess of statement which I think characterizes the statements of this office,—‘There appears little probability of the provision as to increase or diminution, requisite for the working of the plan, resulting in diminution.’ In point of fact, instead of diminution, it has resulted in increase. That this is a favourite table may be gathered from the fact, which I see from one of the printed papers put into my hand, that already about 1,500 policies exist on this scale, the sum insured being upwards of £650,000, and the annual premiums paid upon that sum more than £18,000. I have not the smallest doubt that a party insuring £100 at any age under this table, and at a less premium than in any other office, has, in every human probability, a certainty that his representatives will receive that sum at his death. I think, therefore, that this Minimum Table is quite equitable, and that the fairness of it approves itself to the common sense of every man, so that I do not wonder that so many parties have availed themselves of its advantages. Those who have but a certain amount to pay away for assurance policies naturally inquire how they can realize most from it; and I think in availing themselves of this table they do so in a very satisfactory way. I believe that the institution is based upon good principles generally, and that all its tables and calculations are sound and judicious. I cannot but think that it is worth while to call public attention to this Minimum Table, as a most valuable and desirable one for many classes of insurers.”

# MINIMUM PREMIUMS.

The subjoined remarks explain the grounds on which it was thought desirable to frame these Tables; the principles upon which they were calculated; and their advantages as contrasted with other modes of assurance.

1. If the rate of mortality and interest, and all the other circumstances which bear upon the condition and prosperity of Life Assurance Institutions, could have been anticipated with sufficient precision to enable so low a rate of premium for a definite sum to be fixed as the public would feel confident was no more than sufficient, it seems not improbable that this mode of assuring would have been preferred to the payment of a higher premium, and the return, in the shape of additions, of the excess thereof beyond what might be requisite.

2. The mode last mentioned may be generally stated to be the system at present adopted by Mutual Assurance offices; and

3. By Proprietary offices, except that in their case a considerable portion of the excess of premiums is allotted to the proprietors.

4. Soon after the Investigation, as at 31st December, 1853, the Directors of the SCOTTISH AMICABLE (Mutual) LIFE ASSURANCE SOCIETY directed their attention to the means of securing to the public the convenience and advantage of as low a rate as would be justified by past experience, and be unattended with the risk of danger to the institution.

5. The rates of Annual Additions declared at the different Septennial Investigations had at that time been as follows:—

|                                                                          |              |
|--------------------------------------------------------------------------|--------------|
| At 31st December, 1832, on Sums in Policies,.....                        | 1½ per cent. |
| At 31st December, 1839, on Sums in Policies, and former additions, ..... | 1½ per cent. |
| At 31st December, 1846, on ditto,.....                                   | 2 per cent.  |
| At 31st December, 1853, on ditto,.....                                   | 1¾ per cent. |

Looking to the results of these Investigations,\* the Directors considered they might, with much propriety, calculate on the probability of continuance of a rate of addition not lower than 1½ per cent., and accordingly—

6. It was determined to calculate, as accurately as possible, the fair annual equivalents, WITHOUT PROFIT TO THE OFFICE in the conversion, of additions at the rate of 1½ per cent., according to the system of the Society, and to deduct these from the ordinary annual rates on the addition scale. The sums thus left are the premiums, according to Table A C, which will be found on next page.

7. In submitting to the public such exceedingly low rates, it was thought requisite to provide that the sums in the Policies should be made subject to increase or diminution, according as the additions declared during their currency shall have exceeded or fallen short of amount, with accumulations, resulting from a rate of 1½ per cent.

8. It appeared to the Directors that, by this simple expedient, they had been enabled thoroughly to meet the desire of a large body of the public for a liberal and comprehensive system, by which they might have as great a sum as possible assured for the annual sum they could afford to devote for the purpose; and there appeared to them little probability of the provision as to increase or diminution, requisite for the working of the plan, resulting in diminution. Under this mode, a person of the age of 30, paying yearly £25 17s. 6d., the ordinary premium for £1,000, would, in this class, for the same sum, assure £1,400. In the same way,

A Person of the Age of 20 would, for the Premium of £1,000, Assure £1,500.

A Person of the Age of 40 would, for the Premium of £1,000, Assure £1,333.

Such is the contrast with the premium on the ordinary class with additions; but even contrasting the present low rates with those of the class without additions, the difference is most material, parties being able to secure an additional Policy under the low rates of from £200 to £130 upon a £1,000 Policy.

\* Another Investigation, as at 31st December, 1860, has been made since these rates were adopted, and the result is a declaration of Additions at the rate of 1¾ per cent., so that if a Minimum Premium Policy were becoming a claim now there would be paid, in addition to the sum in the Policy, one quarter per cent. for each year of its duration, up to 31st December, 1860.

## The Success of the Society.

THERE is no instance in the history of Life Assurance in which progress has been more rapid or success more solid. Established in 1815 without the adventitious aid of Shareholders' capital, when Life Assurance was all but unknown in Scotland, the operations of the Society have attained a magnitude and wide-spread usefulness which the original founders could scarcely have anticipated. The remarkable success which has attended the Society ever since it was founded is exhibited in the following

## The Last Bonus

was ONE OF THE LARGEST ever declared by any INSURANCE COMPANY.

The Sums Assured then added to Policies amounted to

**ONE MILLION POUNDS STERLING,**

which, according to the duration of the Policies, yielded BONUSES from £1 : 12 : 6 to £3 : 6s. per cent per annum on the original sum assured.

*The unusually large Bonuses declared by this Society will be seen from the following*

*These Bonuses, WHICH IT IS BELIEVED ARE NOT EXCEEDED BY THOSE OF ANY OTHER OFFICE, have all been declared out of Profits actually realized, and every element of Profit ever possessed by the Society, with vastly increased resources, remains for the increase of present and new members' Policies.*

# Scottish Widows' Fund Life Assurance Society.

## Days of Grace.

THIRTY DAYS of Grace are allowed for payment of Premiums, but Policies may be revived within THIRTEEN MONTHS of the Premium becoming due.

## Lapsed Policies.

When the Days of Grace have expired, and the Member does not wish to renew the Policy, a sum equal to the Surrender Value thereof, on the last day of Grace, will be paid to him (see Explanation as to Surrender Values, below), or a paid-up Policy, free of future Annual Premiums, for a corresponding sum will be issued, as he may select.

## Surrender Values payable on Demand.

Many Offices decline giving any Surrender Value unless the Policy shall have been of a certain number of years' standing, although the premiums paid greatly exceed the risk borne by the Office and the proper expenses of the Assurance. *The practice of the Scottish Widows' Fund is, and always has been, to pay at any time from the day of the issue of a Policy its actual Office value, and even WHEN THE POLICY LAPSES by NON-PAYMENT OF THE PREMIUMS during the thirteen months within which they may be received, an allowance equal to the Full Surrender Value is paid.*

### EXAMPLES OF SURRENDER VALUES OF £1000, Age at entry being 30.

The Tables of Surrender Values of Policies and Bonuses are published in the Prospectus, so that a person, before he makes his proposal to the Scottish Widows' Fund, can see the progressively increasing value of his Assurance (*except future Bonuses, which of course will still further increase the value*) from the beginning to the end of the-transaction.

## Loans Granted on Security of Policies.

The Policies of this Society, besides bearing a fixed Cash Value from the first, payable on demand, are also available as First-Class Securities, on which advances can be obtained from the Society at any time. Advances of £50 and upwards, to any amount the value of a Policy will admit of, are granted free of expense and without any other Security. The present rate of interest is 4 per cent.

# Scottish Widows' Fund Life Assurance Society.

## *Indisputable Certificates,*

constituting Policies unchallengeable Documents upon any ground whatever, are granted, upon application, to Members of five years' standing. The Laws empower the Directors to refuse or modify the terms of such Certificates, when the issue of the Certificate would, in their opinion, be inconsistent with the general interest.

## *Foreign Residence without extra Premiums.*

Foreign Residence is allowed from the issue of a policy in any part of Europe, in parts of North America, Australia, New Zealand, and other Colonies, in time of peace, *free of charge*; and the Indisputable Certificate granted after the first five years, as explained, *cancels all restrictions in the Policy, and no License or Extra Premium is thereafter required for Travel or Residence in any part of the world.*

## *Payment of Claims.*

Claims are paid in full in any part of the United Kingdom, free of charge, on the simple receipt of the parties entitled. The Policy must be given up, and the Claimant's Title, "*Confirmation*" (in Scotland) "*Probate*" or "*Letters of Administration*" (in England or Ireland), or the *Assignments* (if the Policy has been assigned) require to be produced. *Scotch Title is not required where Claimant holds English or Irish Title.*

## *Value of the Society's Policies.*

The moderate rates of Premium charged; the almost unprecedented largeness of the Bonuses; the fact that the Policy is practically as convertible as a bank note for its value to the member himself at any time; and the absolute security afforded by the unquestionable financial position of the Society for the fulfilment of all its engagements, render Policies of the Scottish Widows' Fund, whether held for family or Business purposes, instruments of the highest value.

## *All necessary Information sent Free.*

The Prospectus contains Tables, showing—the Premiums charged for Assurances—the Bonuses declared at each period of Division—The Surrender Values of Policies—The Cash Values of Bonuses and corresponding Reductions on future Premiums—and the progressive increase in the Business, Funds, and Revenue, since the Society was founded; also detailed explanations and practical examples from all these Tables, with full explanations of the advantages enjoyed by Policy-holders of this Society.
